Using English:

The Impacts of Language and Literacy Policy on Teaching Practices in Ghana Philomena Osseo-Asare, 2021-03-15 This text critically examines changes in Ghanaian language and literacy policy following independence in 1957 to consider its impacts on early literacy teaching. By adopting a postcolonial theoretical perspective, the text interrogates the logic behind policy changes which have prioritised English local language or biliteracy. It draws on data from interviews with teachers and researcher observation to demonstrate how policies have influenced teaching and learning. Dr Osseo Asare's findings inform the development of a conceptual framework which highlights the socio-cultural factors that impact the literacy and biliteracy of young children in Ghana, offering solutions to help teachers combat the challenges of frequent policy changes. This timely monograph will prove to be an essential resource not only for researchers working on education policies, teacher education and English language learning in postcolonial Ghana, but also for those looking to identify the thematic and methodological nuances of studying literacy and education in postcolonial contexts. *Calendar of State Papers and Manuscripts, Relating to English Affairs, Existing in the Archives and Collections of Venice, and in Other Libraries of Northern Italy: 1636-1639* Great Britain. Multilingualism, multiculturalism and internationalization in higher education is a contemporary reality worldwide. Because of the importance of multilingualism in learning, policy, special professional and education training should be provided both to teachers and students. Multilingual education can promote linguistic and cultural diversity, inclusion and social development. The Handbook of Research on Multilingual and Multicultural Perspectives on Higher Education and Implications for Teaching focuses on both top-down and bottom-up perspectives on multilingual and multicultural education based on conceptual and empirical studies. This book provides evidence in support of sustainable multilingualism and multiculturalism in higher education. Covering topics such as dialectic teaching, multilingual classrooms and teacher education, this major reference work is an essential resource for pre-service teachers, educators of higher education, language policy experts, university administration, scholars, linguists, researchers and academicians. **Advances in the Study of Societal Multilingualism** Joshua A.
