and to find meaning and support for that exploration through God's words. Each day is structured with a thought starter and at least one Bible reference to support the idea that this thought starter is not unique but rather something that originates from God's words. The format of this manuscript is engaging. The daily entries give the reader a new thought to ponder each day. The inclusion of a Bible citation further solidifies the importance of that thought and gives the reader the motivation to think deeply about that prompt as well as feel comfort knowing that God's words support this thought.

Blackthorn Manor Arnold Videll, When a struggling writer inherits Blackthorn Manor she expects an escape perhaps even a fresh start. Instead she finds herself entangled in the sinister history of a decaying mansion that breathes with unseen horrors. The whispers in the halls, the relentless heartbeat within the walls, and the chilling words of a long dead ancestor. May its secrets find you worthy. All point to a terrifying truth: this house does not simply hold secrets. It devours them. As she unearths the dark past of Blackthorn Manor she realizes that every owner before her has met a tragic violent fate. The deeper she digs the more the house pulls her in, blurring the lines between reality and nightmare. Is she the next victim of its malevolent curse? Or can she break the cycle before Blackthorn Manor claims another soul? A gripping gothic horror novel filled with mystery, psychological tension, and an eerie sense of inevitability. **TEDified** Blackthorn Manor will haunt you long after you turn the final page.

Islam Jasbeer Musthafa Mamalipurath, 2024-07-29 This book represents one of the initial comprehensive studies of TED Talks on Islam. It situates TED Talks on Islam as postsecular, secular's renewed interest in faith discourse and asks how TED represents and narrates Islam. It also examines the perspectives of both Muslim and non-Muslim TED viewers about TED's storytelling strategies as well as on the platform. Finally, the book studies the features of the authority that both Muslim and non-Muslim TED speakers embody as spokespersons of Islam. By doing so, this book offers an empirical and context-oriented understanding of postsecular storytelling by problematising the secular translations of Islam.
