For the first time a user friendly handbook has been written on America's workplace literacy gap. Work Force Education has become the quintessential human resource issue of the 1990's. Its impact is now felt by more than 80 million adults and carries an annual 300 billion price tag in lost employee productivity. This unique book offers readers a complete review of past, present and future adult literacy programs. It provides essential context on how this training educational issue suddenly appeared. Also considered are how current programs consistently fail to close an ever widening workplace education gap. The book does not talk around potential solutions. Instead it gives practical, real life case study examples from successful on site company programs conducted by the authors. A blueprint is outlined on how to offer Work Force Education for any business large or small. This book will provide insights to senior executives, human resource training and development managers or adult educators. They will obtain a clear understanding of how to organize a multi level cost justified Work Force Education program that meets America's 21st century international productivity requirements.

A Way with Words Ruth J. Colvin, 1987-12 **The Complete Learning Disabilities Directory** Grey House Publishing, 2007-09 **Complete Learning Disabilities Directory 2010** Laura Mars-Proietti, Richard Gottlieb, 2009

This is the most comprehensive directory of Programs, Services, Curriculum, Materials, Professional Meetings, Resources, Camps, Newsletters, and Support Groups for teachers, students, and families concerned with learning disabilities. This edition is distinguished by its recognition by the National Center for Learning Disabilities as well as a Glossary of Terms. This information packed directory includes information about Associations, Organizations, Schools, Colleges, Testing Materials, Government Agencies, Legal Resources, and much more. For quick, easy access to information, this directory contains three indexes: Entry Name Index, Subject Index, and Geographic Index. With every passing year, the field of learning disabilities attracts more attention, and the network of caring, committed, and knowledgeable professionals grows every day. This directory is an invaluable research tool for these parents, students, and professionals.
