Set Apart for the Great Fight

Look, Eunice, and now Timothy. While there is no inheritance of righteousness, there is an inheritance in righteousness (1:5). God has no grandchildren, but godly mothers do. The power of a praying mother to see spiritual substance born when it never to be underestimated. Susannah Wesley, Mary Whiteford (2:2-15). These are the marks of all men ready to fight, focused on the discipline of the task. God has a heart. There is a foundation.

Greeting

1 Paul, an apostle of Jesus Christ by the will of God, according to the promise of life which is in Christ Jesus.

To Timothy, a beloved son.

Grace, mercy, and peace from the Father and Christ Jesus our Lord.

Timothy's Faith and Heresy

I thank God, whom I serve with conscience, as my forefathers did, night and day, "speaking the truth in love, being mindful of you always, filled with joy, when I remember the genuine faith that dwelt first in your mother Eunice and is in you also. I want to stir up the gift that is in you through the laying on of hands. For God has not given us a power and of

Studies In Second Timothy:

1-2 Timothy and Titus Brian J. Tabb, 2017-06-20 The Knowing the Bible series is a resource designed to help Bible readers better understand and apply God's Word. These 12-week studies lead participants through books of the Bible and are made up of four basic components: 1 reflection questions that help readers engage the text at a deeper level; 2 Gospel Glimpses that highlight the gospel of grace throughout the book; 3 Whole Bible Connections that show how any given passage connects to the Bible's overarching story of redemption culminating in Christ; and 4 Theological Soundings that identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on every page of the Bible. The letters to Timothy and Titus are among Paul's most personal and practical epistles. The apostle writes to instruct these younger men in the importance of sound doctrine and to urge them to rebuke false teaching. This accessible study shows how Paul's letters exhort all Christians to protect and pass on the true gospel of Jesus Christ, which has the power to save and transform sinners.

Emerging Leadership in the Pauline Mission Jack Barentsen, 2011-08-04 Where did Paul find leaders for his new churches? How did he instruct and develop them? What processes took place to stabilize the churches and institute their new leadership? This book carves a fresh trail in leadership studies by looking at leadership development from a group dynamic social identity perspective. Paul engages the cultural leadership patterns of his key local leaders, publicly affirming, correcting, and improving those patterns to conform to a Christlike pattern of sacrificial service. Paul's own life and ministry offer a motivational and authoritative model for his followers because he embodies the leadership style he teaches. As a practical theologian *avant la lettre*, Paul contextualizes key theological themes to strengthen community and leadership formation and equips his church leaders as entrepreneurs of Christian identity. A careful comparison of the Corinthian and Ephesian churches demonstrates a similar overall pattern of development. This study engages Pauline scholarship on church office in depth and offers alternative readings of five Pauline epistles, generating new insights to enrich dogmatic and practical theological reflection. In a society where many churches reflect on their missional calling, such input from the NT for contemporary Christian leadership formation is direly needed.

The State of Pauline Studies Nijay K. Gupta, Erin M. Heim, Scot McKnight, 2024-08-20 In every generation the study of Paul evolves with new insights and questions. This enigmatic ancient figure continues to ignite interesting conversations and vigorous debates. Complementing the successful *The State of New Testament Studies*, this book surveys the current landscape of Pauline studies, offering readers a concise guide to contemporary discussions in Pauline scholarship. It brings together a diverse team of leading scholars, providing up-to-date

expert analysis on important issues in Pauline studies such as Christology salvation the Spirit gender and empire In addition each of the Pauline letters is examined in detail This book will serve as an ideal supplemental textbook for Paul courses Contributors include Ben Blackwell Dennis Edwards Timothy Gombis John Goodrich Nijay K Gupta Erin Heim Chris Hoklotubbe Joshua Jipp Scot McKnight Peter Oakes B J Oropeza Angela Parker Kris Song Jennifer Strawbridge Sydney Tooth Cynthia Long Westfall and Kent Yinger **Studying Paul's Letters with the Mind and Heart** Gregory S.

MaGee,2018-09-25 This informative survey of Paul s epistles is conversant with the latest scholarship but written in an engaging style that emphasizes practical application In each chapter Gregory MaGee asks and answers a vital question for understanding Paul s letters while prompting the reader to consider the discussion s personal implications These questions get at the heart of understanding interpreting and living out the Pauline letters Why listen to Paul Were all thirteen letters really written by Paul How does Paul interact with the Old Testament What are some specific interpretive challenges in Paul s letters How can I wisely apply Paul s teachings What are the experts saying about Paul these days What ideas were especially important to Paul Students and other thoughtful Christians wishing to dig deeper into Paul s letters will benefit from this contemporary overview and will be challenged to grow spiritually and apply Paul s teachings and example

Apostle Susan E. Hylen,2015-08-14 Scholars and mainline pastors tell a familiar narrative about the roles of women in the early church that women held leadership roles and exercised some authority in the church but with the establishment of formal institutional roles they were excluded from active leadership Evidence of women s leadership is either described as exceptional or relegated to so called heretical groups who differed with proto orthodox groups precisely over the issue of women s participation For example scholars often contrast the Acts of Paul and Thecla ATh with 1Timothy They understand the two works to represent discrete communities with opposite responses to the question of women s leadership In A Modest Apostle Susan Hylen uses Thecla as a microcosm from which to challenge this larger narrative In contrast to previous interpreters Hylen reads 1Timothy and the ATh as texts that emerge out of and share a common cultural framework In the Roman period women were widely expected to exhibit gendered virtues like modesty industry and loyalty to family However women pursued these virtues in remarkably different ways including active leadership in their communities Reading against a cultural background in which multiple and conflicting norms already existed for women s behavior Hylen shows that texts like the ATh and 1Timothy begin to look different Like the culture 1Timothy affirms women s leadership as deacons and widows while upholding standards of modesty in dress and speech In the ATh Thecla s virtue is first established by her modest behavior which allows her to emerge as a virtuous leader The text presents Thecla as one who fulfills culturally established norms even as she pursues a bold new way of life Hylen s approach points to a new way of understanding women

in the early church one that insists upon the acknowledgment of women's leadership as a historical reality without neglecting the effects of the culture's gender biases First and Second Timothy and Titus (Paideia: Commentaries on the New Testament) Christopher R.
