[The Darwin Awards](#) Wendy Northcutt,2001 One of the best known and most frequently visited web sites is the Darwin Awards web site Practically everyone who is on the net has received a Darwin story in their e mail at one time or another It is one of those legendary sites which has become part of the fabric of being on line Started in 1993 by biologist Wendy Northcutt she set out to collect

together and authenticate stories of individuals around the world who through their stupidity have removed themselves from the gene pool i.e. killed themselves. These are the people for whom warnings such as coffee is hot and this superman cape does not enable the wearer to fly were made. This is black humour elevated to its purest commercial form. There are rules here too. The candidate must exhibit astounding misapplication of judgement, remove himself/herself from the gene pool, be capable of sound judgement, be self-selecting i.e. it was their fault, and the event must be verifiable.
