The Tree That Lost Memory Marcial Villarroel,2020-05-22 THE TREE THAT LOST MEMORYIt is a tale that has been infused with a bit of the nuance of the current of magical realism Where the threads of memories and the experiences of a couple of girls transport us to different events in their minds and through moments of their lives At the same time that the visual description of some moments so full of emotional affliction or anguish as full of innocence and affection similar memories evoke in our own mind about some stage of disobedience or love and affection towards people that surround us in the family despite some scolding Being inevitable to remain at the end of the story with that sweet flavor of hope when thinking about the care of some special being in our lives Although it is as in this case a tree

Sweet, Sweet Memory Jacqueline Woodson,2000-12-30 A child and her grandmother feel sad when Grandpa dies but as time passes funny memories of him make them laugh and feel better

The Tree on the Hill Remembers Persia M. Niles,2025-01-29 The Tree on the Hill Remembers came about one day when a little girl could not remember what she read I asked her simple questions and she remembered the things that she could relate to and were important to her This book will teach children to go back and remember the important steps to anything like the apple tree in this book as the tree goes back in time through the journey of life This book is bursting with bright and colorful pictures of each memory It is fiction but its educational content of remembering friendship and illustrations will keep the little ones curious and engaged

The Tree of the Toraja Philippe Claudel,2018-07-26 A middle aged filmmaker visits Indonesia and becomes entranced by the Toraja custom of interning the bodies of very young deceased children in the trunks of trees In time the trunk heals encasing and protecting the tiny bodies as the tree grows slowly heavenwards On his return to France the filmmaker receives news that his dearest friend is dying of cancer prompting a reflection on the part death occupies in our existence our inability to confront our mortality and our struggle to conceive of a happy life after a devastating loss For the Toraja dying is a central part of being alive Death is at the forefront of their culture unlike the western preference for keeping death firmly in the shadows unacknowledged until it begins to really breathe down your neck and simply cannot be ignored a taboo subject to be feared and resented Like the trees of the Toraja this powerful novel encloses and preserves memories of lost loves and friendships and contains the promise of rebirth and rebuilding even after a terrible tragedy
