Software in 30 Days Ken Schwaber, Jeff Sutherland, 2012-05-01 A radical approach to
getting IT projects done faster and cheaper than anyone thinks possible Software in 30 Days summarizes the Agile and
Scrum software development method which allows creation of game changing software in just 30 days Projects that use it are
three times more successful than those that don't Software in 30 Days is for the business manager the entrepreneur the
product development manager or IT manager who wants to develop software better and faster than they now believe possible
Learn how this unorthodox process works how to get started and how to succeed Control risk manage projects and have your
people succeed with simple but profound shifts in the thinking The authors explain powerful concepts such as the art of the
possible bottom up intelligence and why it's good to fail early all with no risk greater than thirty days The productivity gain
vs traditional waterfall methods has been over 100% on many projects Author Ken Schwaber is a co founder of the Agile
software movement and co creator with Jeff Sutherland of the Scrum technique for building software in 30 days Coauthor Jeff
Sutherland was cosigner of the Agile Manifesto which marked the start of the Agile movement Software in 30 Days is a must
read for all managers and business owners who use software in their organizations or in their products and want to stop the
cycle of slow expensive software development Programmers will want to buy copies for their managers and their customers
so they will know how to collaborate to get the best work possible
