What Is Marriage For:

What Is Marriage For? E.J. Graff, 2016-05-31 In the wake of the Massachusetts Supreme Judicial Court's historic Goodridge decision a reissue of the bible of the same sex marriage movement Will same sex couples destroy traditional marriage soon to be followed by the collapse of all civilization That charge has been leveled throughout history whenever the marriage rules change But marriage as E J Graff shows in this lively fascinating tour through the history of marriage in the West has always been a social battleground its rules constantly shifting to fit each era and economy The marriage debates have been especially tumultuous for the past hundred and fifty years in ways that lead directly to today's debate over whether marriage could mean not just Boy Girl Babies but also Girl Girl Love

What Is Marriage? Sherif Girgis, Ryan T. Anderson, Robert George, 2020-07-21 Until very recently no society had seen marriage as anything other than a conjugal partnership a male female union What Is Marriage identifies and defends the reasons for this historic consensus and shows why redefining civil marriage as something other than the conjugal union of husband and wife is a mistake Originally published in the Harvard Journal of Law and Public Policy this book's core argument quickly became the year's most widely read essay on the most prominent scholarly network in the social sciences Since then it has been cited and debated by scholars and activists throughout the world as the most formidable defense of the tradition ever written Now revamped expanded and vastly enhanced What Is Marriage stands poised to meet its moment as few books of this generation have Sherif Girgis Ryan T Anderson and Robert P George offer a devastating critique of the idea that equality requires redefining marriage They show why both sides must first answer the question of what marriage really is They defend the principle that marriage as a comprehensive union of mind and body ordered to family life unites a man and a woman as husband and wife and they document the social value of applying this principle in law Most compellingly they show that those who embrace same sex civil marriage leave no firm ground none for not recognizing every relationship describable in polite English including polyamorous sexual unions and that enshrining their view would further erode the norms of marriage and hence the common good Finally What Is Marriage decisively answers common objections that the historic view is rooted in bigotry like laws forbidding interracial marriage that it is callous to people's needs that it can't show the harm of recognizing same sex couplings or the point of recognizing infertile ones and that it treats a mere social construct as if it were natural or an unreasoned religious view as if it were rational
