What Is Postmodernism:

What is Post-modernism? Charles Jencks, 1989 *What is Postmodern Biblical Criticism?* Andrew Keith Malcolm Adam, 1995 A K M Adam offers plain language explanations and examples of the related critical assumptions that are now called postmodernism. Included are deconstruction, ideological criticism, postmodern feminism, transgressive postmodernism, and others. *What Makes the Films of David Lynch and Jim Jarmusch Postmodern?* Markus Widmer, 2008-11 Seminar paper from the year 1998 in the subject Film Science grade 1 University of Aberdeen English Department course American Film Renaissance. 10 entries in the bibliography. Language: English. Abstract: The term postmodern has been used in different areas of study to describe similar phenomena. However, one must differentiate between postmodernism as a historical period, a cultural theory, and an aesthetic category. The latter two uses will be the most important ones for my essay. It is essential for my discussion to include theories on postmodern culture because the relationship between the real and its representation and the zeitgeist as presented in film is of vital importance for postmodern film. I will not define the term postmodernism here on the one hand because the brevity of this essay does not allow my entering this ongoing debate and on the other hand because the term itself escapes any fixed definition; it is rather a set of different tendencies. The terms postmodernism or the postmodern are less precise categories than different versions of an all-embracing gesture which sums up a spirit of the times, an atmosphere. 1 However, to be able to discuss whether or not Jim Jarmusch's and David Lynch's films are postmodern, I must first find a definition for postmodern film. One would expect a postmodern film to tackle the postmodern condition, life in postmodernity as its subject matter. Since the differences in class, gender, and ethnicity are central to the discussion of postmodernism, 2 one can assume that these categories are equally important for the plot of a postmodern film. However, *Down and Out in Beverly Hills* is a film about life in the postmodern city and deals with questions of class and gender, but it is conventional in its style and structure and obviously far from being a postmodern film. Thus, not only the subject matter but also the audiovisual style and narrative structure of a film should display postmodern characteristics. **Postmodernism and the Quebec Novel** Janet M. Paterson, 1994. In her study of postmodernism in recent Quebec fiction, Janet Paterson attempts to answer three main questions: Is there a postmodern Quebec novel? What are its forms? What are its sites of interrogation? The book looks at the works of Hubert Aquin, Madeleine Ouellette, Michalska, Gerard Bessette, Yolande Villemaire, and Jacques Godbout, and a new chapter explores the writing of Nicole Brossard. This study is representative rather than exhaustive as it analyses postmodern textual strategies in terms of discourse, intertextuality, the representation of the writer in fiction, the process of history, and feminist expression. Paterson believes that in order to view a novel from a postmodernist perspective, it is necessary to see it as a temporal phenomenon subject to the ambient culture. *Postmodernism* Mike Featherstone, 1988. The term postmodernist was originally used to describe a cultural trend that opposed the modernist style in art, architecture, and design. It has come to be applied to a much wider range of philosophical and social science discourses concerned with

the crisis of modernity the end of the assumptions overarching theories and meta narratives that have gained prominence since the Enlightenment In this major statement on postmodernism an international and interdisciplinary cast of contributors assess the implications of this and the term s application in social and cultural theory Is there a single definition of postmodernism or is it a catch all concept for quite different responses to the end of modernity How does the social and philosophical questioning of modernity relate to aesthetic theory and cultural change The postmodern condition is said to signify a world of ever multiplying signifying processes a hypertrophy of images a dissolution of established categories and identities and an ever increasing scepticism towards claims of truth meaning and value What are the implications of such fragmentations for theology feminism and Marxism What indeed are postmodern politics Did humanity find its limits in the confusion of tongues the Tower of Babel Featuring both an introduction to and an interview with Jean Francois Lyotard this unique volume originally published as a Theory Culture Society double issue comprises the most lucid interrogation of and contribution to the most important intellectual movement of our time

The Postmodern Presence Arthur Asa Berger,1998 Instead of summing up the various perspectives of scholars and the variety of ideas to which the term postmodernism has been assigned this text lets this diversity speak for itself By bringing together articles and essays on the impact of the postmodern temper on an eclectic range of subjects Berger presents a few of the many ways different theorists have come to terms with postmodernism while examining manifestations of postmodernism in the culture of everyday life

Emotion in Postmodernism Gerhard Hoffmann (Dr. phil.),Alfred Hornung,1997 **Postmodernism, or, The Cultural Logic of Late Capitalism** Fredric Jameson,1992-01-06 Now in paperback Fredric Jameson s most wide ranging work seeks to crystalize a definition of postmodernism Jameson s inquiry looks at the postmodern across a wide landscape from high art to low from market ideology to architecture from painting to punk film from video art to literature

Postmodern Studies ,2001 *Faith and Praxis in a Postmodern Age* Ursula King,1998 We live in a culture which has broadly rejected the possibility of absolute belief in one overriding truth And yet we are surrounded by people who do believe who indeed are often intensely religious but believe in different things This fragmentation of culture is a challenge to all major religions Given that we have to live together and given that many of our starting points are the same even if our interpretations are different how do we cope with the practical day to day task of living and thriving in the same socio political environment This key postmodern dilemma is addressed in this valuable collection of essays by all international team of writers In a postmodern age can we believe at all If we accept that we are no longer unique where does that leave Christian spirituality British South African and Jewish writers explore ways in which the question of religion impacts on political life in Britain South Africa and Israel **Trauma, Postmodernism and the Aftermath of World War II** Paul Crosthwaite,2009-01-29 The radical postmodernist waves of experimentation that swept Anglo American fiction from the late 1960s constitute a delayed response to the upheavals of the Second World War yet the legacy of the war barely figures in

prevalent accounts of the postmodernist movement As Paul Crosthwaite shows in this provocative book to recognize the significance of the war in contemporary culture is to acknowledge that postmodernism as a sensibility aesthetic style and mode of thought must be entirely reconceived Challenging dominant theorizations of the postmodern as depthless and dehistoricized Crosthwaite demonstrates that postmodernism has not abandoned history but has rather reformulated it in terms of trauma trauma that is traceable time and again to the catastrophes of the 1940s The book stages a revealing confrontation between influential theories of trauma and postmodernism and offers innovative close readings of key texts by Virginia Woolf Thomas Pynchon Michael Moorcock J G Ballard Richard Powers and Ian McEwan To be Or Not to be - The Question of Identity in Selected Postmodern American Short Stories Lars Berghaus,2007-09 Seminar paper from the year 2001 in the subject American Studies Literature grade 2 0 University of Cologne course Postmodern American short stories 5 Literaturquellen entries in the bibliography language English abstract In his famous soliloquy of Act III Scene 1 of William Shakespeare s Hamlet Hamlet prince of Denmark reveals his inner struggles and his search for identity and meaning Confronted with and utterly disturbed by family and political problems concerning the crown of Denmark questions believes social conventions and personal convictions are pressing hard on him and leave him searching for meaning and identity trying to find for the right way through and the right way out To be or not to be that is the question whether tis nobler in the mind to suffer the slings and arrows of outrageous fortune or to take arms against a sea of troubles III 1 The question of to be or not to be which is in essence the question of identity is a widely discussed and fundamental theme of life a topic many authors have written about and many producers have made the central theme of Hollywood movies The purpose of this essay is to discuss question of identity in postmodern American short stories It will include a presentation of postmodernism in its contrast to modernism Three short stories from different American authors will be discussed in regard to conflicts and development of identity Lost in the funhouse by John Barth Saint Marie taken from Louise Erdrichs Love medicine and A Wife s Story by Bharati Mukherjee Special attention will be paid to the story of initiation *Immovable Laws, Irresistible Rights* Christine Pierce,2000 Same sex partnerships Pregnancy through in vitro fertilization Ending one s own life in dignity All are deemed inherently wrong by the standards of natural law ethics but for many people they represent legitimate life choices that are morally right Now a leading feminist critic of the natural law tradition explores the ongoing confrontation between natural law and moral rights to argue that rights constitute a more solid grounding for ethics in human affairs and for feminist thought In this volume Christine Pierce s important essays including the celebrated Natural Law Language and Women expand reflect and refine this central controversy Reaching back to Aristotle and Aquinas and drawing on modern papal encyclicals and Supreme Court cases Pierce demonstrates that the natural law tradition with its doctrine of a supposed hierarchy of natural purpose has served to mystify women s nature and thereby justify restricting women to a predetermined social stratum Addressing issues that concern not only feminism but legal theory as well she defends her views on equality

and universalization against a growing postmodern critique and presents rights theory as an alternative to an ethics of responsibility based on Aristotelian notions of friendship and trust Through tightly constructed arguments presented in engaging prose Pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as AIDS gay marriage animal liberation and feminist separatism She combats the prevailing view of Plato as sexist and explores Sartre s views of holes and slime She also examines the work of contemporary authors in ecology biology sociobiology and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in Thomism With natural law concepts now in fashion with many conservatives and even some Supreme Court justices Pierce s essays offer a necessary perspective on where current legal and ethical thinking is headed *Immovable Laws Irresistible Rights* is invigorating reading for all scholars students and interested readers who seek a better understanding of these arguments and the issues affected by them Critical Theory and Critical Pedagogy Today ,2005

Postmodernity and the Death of Painting Kurt Richard Forman,1994 Answering the Question Jean-François Lyotard,1982 *Postmodern Socialism* Peter Beilharz,1994 Have our lives changed as dramatically in these postmodern times as we are led to believe One of the ironies is that we still face many of the same problems as earlier generations Socialist arguments now widely viewed as discredited addressed questions still very much with us These social questions injustice poverty living and work conditions arose from a nineteenth century recognition of complex problems created mainly in cities At the same time socialism emerged from a romantic stream of Enlightenment concerned with nature and simplicity Paradoxically postmodernism has its roots in the same tensions Questions of scale of simplicity and complexity of city and country remain with us the juxtaposition of postmodernity and socialism generates illuminating perspectives on the way we live now Postmodern Socialism traces and criticises these perspectives Education and the Postmodern Condition Michael A. Peters,1995-01-30 This collection of essays brings together a number of contributions on Lyotard s work made by philosophers educationalists and sociologists around the special focus of education Their intent is to examine Lyotard s notion of the postmodern condition and its relevance to education **Feminist Ethics** Claudia Card,1991 Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR **Ethics in Postmodern Fiction** Barbara Schwerdtfeger,2005 Postmodern texts have generally been associated with a radical challenge of established conventions and with an anything goes mentality which seems to exclude serious ethical discussion While the postmodern texts of the American novel and short story writers Donald Barthelme and William Gass indeed challenge traditional ethical rules they are nonetheless deeply concerned with moral questions Using contemporary ethics as its theoretical framework the study shows that the fiction of Barthelme and Gass not only makes readers aware of the complexity of ethical issues but also argues

that the premise for good ethical behavior is to have the right postmodern attitude to be open minded flexible and able to deal with the ambiguities of life Retrospectively these findings can also be applied to other postmodern writers to reveal the hidden ethical dimensions of their fictions
