What Is What Was:

An Introduction to High School Teaching Stephen Sheldon Colvin, 1917 **Ijeuwa** Onyekachi Peter Onuoha, 2015-07-21 Ijeuwa portrays vividly and sensitively the political economic social and religious disillusionments of an English graduate an archetypal unemployed 21st century Nigerian graduate The novel captures the traumatic travelogues of thousands of Nigerian graduates swarming the streets aimlessly engendered by the prevalent unemployment and the political system Ijeuwa is a novel of disillusionment It chronicles the plight of the Nigerian graduates and populace trapped in the tides of unemployment and insecurity It creates a vivid portrait of their psychology Ijeuwa is the travails of graduates and the unemployed in 21st century Nigeria The novel portrays the spirit of struggle and the will to survive of the masses The novel is a mirror of the society and a critique of Nigerian democracy The novel portrays the Nigerian government as rotten to the teeth and grossly irresponsible as the masses suffer untold hardship and travails in a country immensely and richly endowed with natural and artificial resources The writer envisions the neglect of the masses by the government as the prologue to anarchy in the society and the epilogue to security in all its ramifications The novel is a sublime creation of the writers artistic ingenuity with a compelling theme and plot It is the writers mirror of his society and time The novel is an impressive and ardent attempt to capture the realism of the writers time

Time and Death Carol J. White, edited by Mark Ralkowski, 2017-03-02 In Time and Death Carol White articulates a vision of Martin Heidegger s work which grows out of a new understanding of what he was trying to address in his discussion of death Acknowledging that the discussion of this issue in Heidegger s major work Being and Time is often far from clear

White presents a new interpretation of Heidegger which short circuits many of the traditional criticisms White claims that we are all in a better position to understand Heidegger's insights after fifty years because they have now become a part of the conventional wisdom of common opinion His view shows up in accounts of knowledge in the physical sciences in the assumptions of the social sciences in art and film even in popular culture in general but does so in ways ignorant of their origins Now that these insights have filtered down into the culture at large we can make Heidegger intelligible in a way that perhaps he himself could not White presents the best possible case for Heidegger making him more intelligible to those people with a long acquaintance with his work those with a long aversion to it and in particular to those just starting to pursue an interest in it White places the problems with which Heidegger is dealing in the context of issues in contemporary Anglo American philosophy in order to better locate him for the more mainstream audience The language and approach of the book is able to accommodate the novice but also offers much food for thought for the Heidegger scholar *The Law Times Reports of Cases Decided in the House of Lords, the Privy Council, the Court of Appeal ...
