Leslie Ray

Zyzyva Volume 21 Spring 2005:

Zyzyva, 2006 *Language of the Land* Leslie Ray, 2007 This is the first book in English to examine the contemporary Mapuche their culture their struggle for autonomy within the modern day nation state their religion language and distinct identity Leslie Ray looks back over the history of relations between the Mapuche and the Argentine and Chilean states and examines issues of ethnicity biodiversity and bio piracy in Mapuche lands today their struggle for rights over natural resources and the impact of tourism and neoliberalism The Mapuche of what is today southern Chile and Argentina were the first and only indigenous peoples on the continent to have their sovereignty legally recognized by the Spanish empire and their reputation for ferocity and bravery was legendary among the Spanish invaders Their sense of communal identity and personal courage has forged among the Mapuche a strong instinct for self preservation over the centuries Today their struggle continues neither Chile nor Argentina specifically recognize the rights of indigenous peoples In recent years disputes over land rights particularly in Chile have provoked fierce protests from the Mapuche In both countries policies of assimilation have had a disastrous effect on the Mapuche language and cultural integrity Even so in recent years the Mapuche have managed a remarkable cultural and political resurgence in part through a tenacious defense of their ancestral lands and natural resources against marauding multinationals which has catapulted them to regional and international attention Leslie Ray has been a freelance translator since the mid 1980s He has translated a number of books from Italian and Spanish in the fields of architecture design and art history A regular visitor to Argentina since the late eighties he has worked actively with Mapuche organizations there since the late 1990s In addition to his work on the Mapuche he has also published articles on Argentine social indigenous and language related issues for publications as diverse as History Today and The Linguist
