sector iii that the cost of replacing items throughout the life of the contract was also inconsistently applied iv that contractors had often charged additional fees which were not specified in the original contract The NAO recommendations include where there is a relevant contract clause competitive tendering should be undertaken for existing contract deals authorities employing contractors need to put in place consistent and robust means to validate the costs of small changes public authorities should explore with their private sector partners the feasibility of clarifying current contracts so they follow current best practice contract management should be properly resourced in order to manage the change process Public sector authorities could improve value for money of operational changes by adopting a strategic approach to changes keeping a good permanent record of changes and payments made fostering open lines of communication with front line users and other stakeholders as well as the PFI contractor
