

String Quartet Op 711 B Flat

Rosina Ehmann

String Quartet Op 711 B Flat:

Mozart, Haydn and Early Beethoven Daniel Hartz,2015-05-27 A vivid portrait of Mozart and Haydn s greatest achievements and young Beethoven s works under their influence Completing the trilogy begun with Haydn Mozart and the Viennese School 1740 1780 and continued in Music in European Capitals The Galant Style 1720 1780 Daniel Hartz concludes his extensive chronicle of the Classical Era with this much anticipated third volume By the early years of the nineteenth century Haydn Mozart and Beethoven had become a catchphrase a commonplace expression signifying musical excellence Indeed even in his early career Beethoven was hailed as the only musician worthy to stand beside Haydn and Mozart In this volume Hartz winds up the careers of Haydn and Mozart who during the 1780s produced their most famous and greatest works and describes Beethoven s first decade in Vienna during which he began composing by patterning his works on the two masters The tumult and instability of the French Revolution serves as a vivid historical backdrop for the tale

Focal Impulse Theory John Paul Ito,2021-01-05 Music is surrounded by movement from the arching back of the guitarist to the violinist swaying with each bow stroke To John Paul Ito these actions are not just a visual display rather they reveal what it really means for musicians to move with the beat organizing the flow of notes from beat to beat and shaping the sound produced By developing focal impulse theory Ito shows how a performer s choices of how to move with the meter can transform the music s expressive contours Change the dance of the performer s body and you change the dance of the notes As Focal Impulse Theory deftly illustrates bodily movements carry musical meaning and in a very real sense are meaning

Adolf Busch , Strong on Music Vera Brodsky Lawrence,1995-12-18 In this second volume of Strong on Music Vera Brodsky Lawrence carries into the 1850s her landmark account of the nineteenth century New York music scene Using music entries from George Templeton Strong s famous journals most published here for the first time as a point of departure Lawrence provides a vivid portrait of a vibrant musical culture Each chapter presents one year in the musical life of New York City with Lawrence s extensive commentary enriched both by excerpts from Strong s

diaries and a lavish selection of little known music criticism and comment from the period The reviews written by an often truculent sometimes venal tribe of music journalists cover the entire world of music from opera to barrel organ salon to saloon In this New York operas performed by renowned artists are parodied by blackface minstrels performances of the Philharmonic Society are drowned by the raucous chatter of flirtatious adolescents who turn concerts into a noisy singles hangout and irate critics trash the first performances of Verdi operas calling the plots indecent and the scores noisy and unmelodic In this volatile atmosphere a native musical culture is born its whose first faltering efforts are dubiously received and the first American composers begin to emerge
