

Zero Tolerance Case Analysis and Rationale Template

Part I: Case Analysis

1. Summary of the case:

A zero-tolerance policy has been implemented in my school district. As a principal, I appoint one of my teachers to create a way to implement this zero-tolerance into our school. Unfortunately, I am not around to approve the implementation plan, yet there is a teacher who approves in my stead. A student then brings a gun, thinking it's okay to show it off because it is from the 19th century. A parent gets wind of this and causes an uproar over the situation.

2. Identify the issues to be resolved:

The parent is looking to cause an uproar with the superintendent, local media, and other parents.

3. Stakeholders involved in the issues:

Ms. Boxer, Ms. Idleman, the student Becky, and her parents.

4. One or two existing laws or court rulings that relate to the issues:

There have been various rulings across our nation to help curtail gun violence. For example, a handful of states' legislation allows the school to have a designated person to carry a concealed weapon. This has all been brought about because of the act of violence being done the active shooters in schools.

5. District policies that relate to the issues:

Zero-Tolerance is being set in place for weapons being on a school campus. The principal or administrator shall contact local authorities so that the student violating this policy is taken into custody for prosecution.
