

URBANIZATION

Urbanization refers to the growth of urban city living and the movement of populations from rural to urban areas.

DEFINITION

"[Urbanization is] the increase in the proportion of the population residing in towns, brought about by migration of rural populations into towns and cities, and/or the higher urban levels of natural increase resulting from the greater proportion of people of childbearing age in cities."
(Mayhew, 2015)

EXAMPLE

One of the first cities to experience urbanization was London (UK). Between 1700 and 1800, London grew from 600,000 to 1.1 million residents. This was due to industrialization and the growth of urban factories that had a strong need for labor. People started moving to London in search of work in the factories.
