The Source Legacy Workbook Ron Brown Grayson, Shelley Oliver, 2003-04 THE ORIGIN OF THIS MATERIAL At this point in our Human evolution just about any thinking person knows where we re supposed to be in terms of achieving personal happiness and self unity the problem is that most of us haven t known what to do to get there The market is inundated with literally thousands of self help books that detail in untold ways what the end result should be but precious few of them provide the necessary TOOLS to guide us to such an end Collectively we know it s regressive to remain locked in self defeating and self destructive patterns we know it s in our best interest to release the emotional scars and wounds of the past we know it s counter productive to blame our parents ad nauseam for the mistakes made in our up bringing and we know it s personally harmful to wander through our daily lives weighed down by stress chaos fear and anger but what we haven t collectively known is how to create real lasting change in our lives Each of us it seems is on some type of personal quest to find the Holy Grail the TOOLS for how to achieve joy and unity within ourselves and with the other inhabitants of this miraculous and abundant planet To this end the fundamental goal of this Workbook and of the School that this work represents is to empower each of us with the necessary tools and information to guide us to self healing and thus to self sovereignty The Source Legacy Foundation and the School Of Universal Resonance Creative Empowerment was founded by Shelley Oliver who as an exceptionally clear and fully conscious representative of God has been a facilitator of healing for over thirty seven years The body of information practices and techniques that Ms Oliver received and developed in her private practice have been shared throughout the years with hundreds of individuals the world over In the last decade Ms Oliver began working with a committed group of teachers and facilitators to expand one private practice into many As the demand for their collective services grew this group of teachers ministers counselors and facilitators coalesced their practices to create the Source Legacy Foundation and the School Of Universal Resonance Creative Empowerment S O U R C E The information contained in this Workbook began as a dialogue between Ms Oliver and the School s President and Co Founder Ron Brown Grayson in order that a permanent record of this material could be created and so that a wider audience could benefit from the wisdom within these tools and practices The Workbook has since become the basic course curriculum of the School and is the primary tool in the training of new teachers Under the Foundation aegis the School Of Universal Resonance Creative Empowerment offers training and certification for teachers in the areas of Universal healing modalities energetic release and balancing techniques emotional and physical transformational processes as well as Life Mastery classes that assist the individual in creating mindfulness expanded consciousness and greater awareness The efficacy of this very practical and tool based work has been proven time and time again through the successful experiences of those who have participated in these programs This work has repeatedly helped create total self healing for hundreds of people suffering from pathologies as divergent as cancer and leukemia to manic depression and emotional trauma Personal healing
