

NARRATIVE THERAPY TIMELINE

Week 1-2

Initial Session

Alex meets with a narrative therapist to discuss their reasons for seeking therapy and set goals for the process. The therapist introduces the principles of narrative therapy, emphasizing collaboration, externalizing problems, and empowering Alex as the expert in their own life story.

Week 3-5

Exploring Personal Narrative

Alex begins to explore their life story, identifying significant events, experiences, and emotions. The therapist helps Alex externalize problems by separating them from their identity, allowing for a clearer understanding and perspective.

Week 6-8

Deconstructing Dominant Narratives

Alex and the therapist examine societal or cultural narratives that may have influenced Alex's self-perception or contributed to distress. They work together to deconstruct these dominant narratives, challenging assumptions and creating space for alternative, empowering stories.

Week 9-11

Identifying Strengths and Resources

Alex reflects on personal strengths, skills, and resources that have helped them cope with challenges in the past. The therapist encourages Alex to reauthor their narrative, highlighting moments of resilience, agency, and growth.

Week 12-14

Creating Alternative Narratives

Alex and the therapist collaborate to create alternative narratives that align with Alex's values, goals, and aspirations. They explore possibilities for change, envisioning a future narrative that reflects Alex's strengths, hopes, and desired outcomes.

Week 15-16

Integration and Reflection

Alex integrates new narratives into their daily life, practicing self-reflection and mindfulness. The therapist and Alex review progress, celebrate achievements, and discuss strategies for maintaining positive changes beyond therapy sessions.
