## Six Fools:

**The Six Fools** Zora Neale Hurston, 2006 A young man searches for three people more foolish than his fiancée and her parents

Six Fools Rollo Franklin Hurlburt, 1916 *The Six Fools* Joyce Carol Thomas, 2005-12-27 Based on a story collected by the author during her travels along the Gulf States a tale finds a young man searching for three people more foolish than his fiancée and her parents

Six Fools (Classic Reprint) Rollo Franklin Hurlburt, 2018-01-21 Excerpt from Six Fools Gruff gloomy pessimistic dyspeptic Thomas Carlyle once described the population of England as consisting of so many millions who were mostly fools Carlyle must have been suffering from one of his numerous attacks of indigestion when he gave vent to that savage utterance or possibly one of his sleepless nights had somewhat disturbed his mental equilibrium From whatever cause the explosion came his percentage is confessedly much too high for the number of fools in England's population or in that of any other civilized country If we receive however the generally accepted definition for a fool that he is a person deficient in judgment who acts stupidly or absurdly or pursues a course contrary to the dictates of wisdom then we must admit that fools form a considerable number in the population of every civilized land Something over a hundred times the word About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Fool** Peter K. Andersson, 2025-09-23 The first biography of Henry VIII's court fool William Somer a legendary entertainer and one of the most intriguing figures of the Tudor age In some portraits of Henry VIII there appears another striking figure a gaunt and morose looking man with a shaved head and in one case a monkey on his shoulder This is William or Will Somer the king's fool a celebrated wit who reportedly could raise Henry's spirits and spent many hours with him often alone Was Somer an artificial fool a cunning comic who could speak freely in front of the king or a natural fool someone with intellectual disabilities like many other members of the profession And what role did he play in the tumultuous and violent Tudor era Fool is the first biography of Somer and perhaps the first of a Renaissance fool After his death Somer disappeared behind his legend and historians struggled to separate myth from reality Unearthing as many facts as possible Peter K Andersson pieces together the fullest picture yet of an enigmatic and unusual man with a very strange job Somer's story provides new insights into how fools lived and what exactly they did for a living how monarchs and courtiers related to commoners and people with disabilities and whether aspects of the Renaissance fool live on in the modern comedian But most of all we learn how a commoner without property or education managed to become the court's chief mascot and a continuous presence at the
