White Power George Rockwell, 2022-11-09 The last and most powerful book written by the founder of the American Nazi Party George Lincoln Rockwell Taking the philosophical concepts outlined in his earlier book This Time the World Rockwell distilled his political message into a hard hitting easy to read volume which is guaranteed to leave the reader shaken despite having first been published in 1966 In 1958 alone and without funds he hung up the Swastika and founded the first openly National Socialist organization anywhere in the world after the Second World War Using dramatic street tactics uniforms and planned publicity stunts Rockwell soon attracted worldwide attention and a small band of followers across America Rockwell's high point came with a 3 000 strong rally at Marquette Park in Chicago in August 1966 Just as Rockwell seemed to pose a credible political threat he was assassinated in August 1967 just a few months after this book was first published

World Fascism Cyprian Blamires, 2006-09-18 This book

shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal
