Roots of Our Renewal Clint Carroll, 2015-05-30 Honorable Mention Labriola Center American Indian National Book Award In Roots of Our Renewal Clint Carroll tells how Cherokee people have developed material spiritual and political ties with the lands they have inhabited since removal from their homelands in the southeastern United States Although the forced relocation of the late 1830s had devastating consequences for Cherokee society Carroll shows that the reconstituted Cherokee Nation west of the Mississippi eventually cultivated a special connection to the new land a connection that is reflected in its management of natural resources Until now scant attention has been paid to the interplay between tribal natural resource management programs and governance models Carroll is particularly interested in indigenous environmental governance along the continuum of resource based and relationship based practices and relates how the Cherokee Nation while protecting tribal lands is also incorporating associations with the nonhuman world Carroll describes how the work of an elders advisory group has been instrumental to this goal since its formation in 2008 An enrolled citizen of the Cherokee Nation Carroll draws from his ethnographic observations of Cherokee government community partnerships during the past ten years He argues that indigenous appropriations of modern state forms can articulate alternative ways of interacting with and governing the environment

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
