## **Star Performance:**

Be a Leader Not a follower Dr Vishwanand Pattar, 2017-06-21 Managing people is critical to your organization's success. To manage people effectively you must have people management skills. Developing your skills as a people leader will help you solve existing performance problems, people problems, and develop people capabilities. This book is packed with handy tips, tools, techniques, tests, and checklists to help you hone your people management skills. Whether you are an individual contributor who is aspiring to be a people leader or a first-time front-line manager or a practicing people leader, this book will provide guidance and help you manage people effectively and achieve a high level of performance in your organization. This book teaches you how to manage people throughout the employee life cycle, right from hire to retire. It covers topics relating to achieving results through people management, including Leadership essentials, Inspiring people, Motivating people, Leading people, Developing people, Developing and building teams, Delegation, Selecting the best people, Managing people performance, Career development plan for people, Rewarding people, Managing change, Handling people problems, Engaging people, Feedback and Coaching, Retaining people, Developing people. *Be a leader not a follower* is a complete practical guide for people leaders. It provides advice to leaders on how to manage their team to get the best out of them. It is a concise yet a very comprehensive book. This guide will prove invaluable for many people leaders. Dr Vishwa reveals a simple step-by-step framework for people management. Each and every model in this book is very simple, easy to understand, easy to apply in day-to-day work life, and ensures effective results for your organization. This book will be of immense help if you want to get the best results from your staff. *Be a leader not a follower* is the key to manage people successfully.

*Building Urban Resilience through Change of Use* Sara J. Wilkinson, Hilde Remøy, 2018-04-30 Describes all aspects of sustainable conversion/adaptation of existing buildings and provides solutions for making urban settlements resilient to climate change. This comprehensive book explores the potential to change the character of cities with residential conversion of office space in order to withstand the negative effects of climate change. It investigates the nature and extent of sustainable conversion in a number of global cities as well as the political, economic, social, technological, environmental, and legal drivers and barriers to successful conversion. The book also identifies the key lessons learned through international comparisons with cases in the UK, US, Australia, and the Netherlands. *Building Urban Resilience Through Change of Use* covers the benefits and aspects of sustainable conversion/adaptation through the whole lifecycle from inception, planning, and design to procurement, construction, and management and operational issues. It illustrates and quantifies through empirical research the changes that have been achieved or delivered in sustainable conversion/adaptation. The book gives an overview of all aspects of performance characteristics and the conversion/adaptation of existing buildings. In the end, it enables planners to make more informed decisions about whether conversion/adaptation is a good choice and, if so, which types of sustainability measures are best suited for projects. Provides detailed empirical knowledge based on real-world research undertaken in five countries over

three continents on both a citywide scale and on individual buildings Case studies and exemplars demonstrate the application of the knowledge in North and South America Canada Australia New Zealand and in Europe Addresses the key themes of technology finance and procurement and the regulatory framework The first research based book to examine how to improve resilience to climate change through sustainable reuse of buildings Building Urban Resilience Through Change of Use is a welcome book for researchers and academics involved in building surveying urban development and sustainability planning
