that of other successful entrepreneurs—e.g. the founders of Kinko's and Little Caesar's—in addition to those of less well-known business people. Written in a conversational style, the advice isn't especially original or creative. However, would-be millionaires who are sitting at their kitchen table wondering if they should take that big step and start a business will find the book both instructive and inspirational.

Agent Bob Diforio, Library Journal
DeLuca, co-founder in 1965 of SUBWAY Restaurants and founder in 1996 of the Micro Investment Lending Enterprise MILE, a nonprofit organization making microloans to entrepreneurs. microentrepreneurs has written this humorous down-to-earth guide to success as a small business owner.

Coauthor Hayes is a writer, Computer Architecture and Organization, 1998, public speaker and business trainer. Each chapter describes one of DeLuca's 15 key lessons and is illustrated with a real-life case study. None of the people in these cases is a household name, but businesses such as Kinko's, Little Caesars, and SUBWAY are. DeLuca doesn't claim that his guides form a master plan for success, but he optimistically believes that anyone can become Bill Gates, Lillian Vernon, or Henry Lay, and that his lessons will increase the chances. His book also promotes and supports MILE, and the last chapter and appendix are devoted to information about it and its programs.

Recommended for most small business collections.
