

The 4-7-8 breathing method

There are many kinds of deep breathing techniques, but this method is a simple way to get started. Before you begin, pick a quiet and comfortable place to sit and eliminate distractions like cell phones or other electronic devices.

4

Breathe in through your nose for four seconds and fill your lungs completely.

7

Hold the breath for seven seconds.

8

Let the air out (forcefully, so you can hear it) for eight seconds through your mouth.

**Repeat
4 times.**

The 4-7-8 method helps to quiet your natural response to stress, so it can be a great addition to your daily routine. Try it first thing in the morning. Or at bedtime. Or during your busy workday. Whatever time you choose, do your best to be consistent.

Premyogi Vajra,2026-02-23 There are moments when love feels deeper than emotion desire feels more than physical and life itself seems to be asking for a truer understanding This book is written for that moment TANTRA SACRED ENERGY is a powerful collected work that brings together three interconnected books into one complete journey of awareness It explores Tantra not as myth taboo or ritual but as a living science that unites love sexuality energy and awakening into a single meaningful experience of life Rather than separating the spiritual from the human this collection reveals how the body emotions relationships and consciousness are woven together Tantra is presented here as a path of integration where nothing is rejected and nothing is exaggerated Desire becomes awareness Energy becomes clarity Love becomes a doorway to deeper understanding The journey unfolds in a natural progression The first book offers a clear and grounded understanding of Tantra as a spiritual philosophy restoring its original depth beyond common misunderstandings The second book explores sexuality and Kundalini awakening as experiential realities approached through psychology energy awareness and meditative insight The third book brings these themes into lived context through a personal narrative that reflects how sacred energy unfolds within ordinary life love and relationship Across these pages readers will encounter reflections on prana chakras Kundalini consciousness inner transformation and the subtle dynamics between body and awareness Ancient wisdom is explored alongside modern inquiry making the material accessible to sincere readers without reducing its depth or seriousness This is not a book of promises or quick techniques It does not sensationalize sexuality or mystify awakening Instead it offers clarity reflection and perspective rooted in lived experience and thoughtful exploration The tone remains

grounded respectful and inclusive inviting readers to approach Tantra with intelligence responsibility and openness Whether you are new to spiritual inquiry or already walking an inner path this collection offers a wider lens through which to understand love sexuality and awakening as interconnected aspects of human life It speaks to those who sense that spirituality is not an escape from the world but a deeper way of entering it TANTRA SACRED ENERGY brings together works previously available separately now unified for readers who wish to explore this path as a complete journey rather than isolated ideas It is an invitation to read slowly reflect deeply and rediscover life as something sacred conscious and whole
