Thoughts on Preaching James W. Alexander, 2022-03-12 Reprint of the original first published in 1864 Thoughts on Preaching James Waddel Alexander, 1869 **Thoughts on Preaching** Daniel Moore, 1869 Thoughts on Preaching. [By Sydney Hall Fleming.] THOUGHTS., Sydney Hall FLEMING, 1872 Thoughts on Preaching, specially in relation to the requirements of the age Daniel MOORE (Vicar of Trinity Church, Paddington.), 1861 *Thoughts on Preaching; Being Contributions to Homiletics* James Waddel Alexander, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1869 edition Excerpt nothing but the word Can it be an open question among those who accept the Reformed confessions as faithful summaries of the teachings of revelation In one sense this is not an open question among any who can of right be called Christians Still less room for debate remains among those who agree in that interpretation of Scripture which makes salvation wholly of grace But even among these there is a vast diversity not merely in the style of their preaching but in the matter or substance of it This does not imply that they necessarily contradict one another It does not necessarily imply that any impugn or even that they do not confess and abide by every article of the Confession in their discourses But it implies something more than that diversity of gifts by which different men are endowed with special qualifications for commending the same gospel to different classes of minds The difference lies in the different proportions surroundings applications in which they set forth the different elements of the same body of truth in what they signalize by frequent and emphatic iteration and what they omit or touch lightly and charily and in the foreign matter with which they illustrate obscure or encumber it How else shall we account for the fact that one preacher has power chiefly in the aptness and force of his appeals to the impenitent another in awakening de vout feeling in the hearts of Christians a third in his lucid statement and unanswerable vindication of Christian doctrines a fourth in the enforcement of the moralities of the gospel a fifth in his extraordinary tact at working up occasional miscellaneous and semi secular sermons Even among those then who acknowledge fealty to the great principle **Thoughts on Preaching Being Contributed to Homiletics. by James W. Alexander, 2015-07-11 Excerpt from Thoughts on Preaching Being Contributions to Homiletics It had long been the cherished wish of Dr Alexander to prepare a volume on Homiletics for the use of young ministers and students and with this object in view he was in the habit of jotting down in his private journals in the form of paragraphs such thoughts as occurred to him on the subject In one of his later journals I find the following entry If the Lord should spare me below it will be well for me some day to look over all my dailies and collect what I have written from time to time on Ministerial Work It is already enough for a volume It might do good when I am gone But death defeated his plans To carry out his purpose as far as it is now possible I have collected these paragraphs and print them just as they occur in his journals without any attempt to arrange them in the order of subjects I have also added to them several articles on the same subject contributed by him to the Princeton Review and a series of letters to young ministers published in the Presbyterian thus giving to the public in a permanent form all that he has written upon these important topics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Thoughts on Preaching Daniel Moore, 2023-07-18 In Thoughts on Preaching Daniel Moore provides guidance on how to become a more effective preacher and how to engage with the changing needs of a modern secular audience With a focus on the practical aspects of preaching Moore offers insight into the use of language the choice of themes and the role of the preacher in society This book is recommended for students of preaching pastors and anyone interested in the art of communication This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the

Thoughts on Preaching Daniel Moore,2015-07-20 Excerpt from Thoughts on Preaching Specially in Relation to the Requirements of the Age It was preaching that restored the splendour of the Church when barbarism and wars and ignorance either sate in or broke the doctor s chair in pieces And by the same instrument God restored the beauty of the Church when it was necessary she should be reformed it was the assiduous and learned preaching of those whom God chose for his ministers in that work that wrought the advantages and persuaded those truths which are the enamel and beauty of our churches And because by the same means all things are preserved by which they are produced it cannot but be certain that the present state of the Church requires a greater care and prudence in this ministry than ever Jeremy Taylor Preface to Course of Sermons Part II About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Preaching Ronald Allen,2002 Preaching it sounds like such a easy thing to do All you have to do is step into the pulpit and talk for 20 minutes right Anyone who s ever stepped into that pulpit knows that preaching is anything but easy Speaking a word from God that is grounded in the biblical witness theologically responsible and true to contemporary experience is one of the most difficult things one can do Advice on how to do this is as old as preaching itself and there are as many opinions on preaching as there are preachers Where do those who have been called to the ministry of proclamation begin What are the basic understandings and practices that anyone who proposes to preach should know In this new addition to the Essential Guides series Ronald Allen seeks to answer these basic questions about preaching He does so through the use of an inductive method which is simply to say that he starts with a sermon itself and uses that sermon to illustrate the process of moving from the first thoughts about what one will preach to the delivery of an actual sermon itself Each chapter will raise a question about the sample sermon that leads into a broader discussion of the practical and theoretical issues that this particular aspect of the sermon raises e g What is the good news in this sermon What is the significance of this news for the congregation Does the preacher offer a clear and sensible interpretation of the biblical text or the topic Written with the needs of students in both traditional M Div classes and non degree ministry training programs in mind Preaching An Essential Guide will be an indispensable companion for all the others who seek to rightly explain the word of truth Ronald J Allen is Professor of Homiletics at Christian Theological Seminary Indianapolis Indiana
