Threading The Currents:

Threading the Currents Alan S. Kesselheim,1998 Over the past twenty five years Alan Kesselheim has spent countless hours paddling along the blue veins of the continent He has taken trips ranging from afternoon jaunts to year long journeys from social outings to white knuckle adventures in landscapes stretching from the canyons of the Rio Grande to the shores of Hudson Bay In Threading the Currents he explores how his great love of the outdoors and his intense passion for paddling have shaped his life In a lively and engaging style Kesselheim describes the highlights of his paddling trips with friends family and lovers Some like being stranded naked alongside a river are humorous Some like being stalked for more than a mile by a determined bear are frightening Others like his and his wife s surprise conception of their first child during a fourteen month trek through the Canadian Arctic are poignant But all speak to the heart of things to love and friendship birth and death anger and forgiveness to the elemental joys and sorrows of life
