The Shift An Awakening:

The Shift John English, 2005-04 Winner 2004 COVR Book of the Year *The Shift An Awakening* is an inspiring piece of visionary fiction that takes place in present day America. The earth has grown impatient with mankind's unconscious treatment of her and sends a prophecy to seers of several different faiths. She has detailed in the prophecy her plan to reset the population on earth if mankind does not meet her simple requirements. At the same time a new political party is born from the confusion of America's last presidential election. A mystic priest a seer for the Church of Rome is the first to receive the prophecy. He leaves his home in El Salvador to join a group of mystics in Mountain Home Utah. Meanwhile the new political party sets out to create a political paradigm that will guide America and the world away from environmental destruction. Will the group of mystics succeed in igniting the world's consciousness before it's too late? The answers are in *The Shift*. We can do this by shifting our awareness in the midst of our daily lives. *Shift into Freedom* presents innovative teacher Loch Kelly's training manual for actively participating in the evolution of your own consciousness. Synthesizing insights from neuroscience and psychology with wisdom from the world's contemplative traditions *Shift into Freedom* offers an accessible and remarkably powerful series of meditations that lead us to a little known natural capacity called awake awareness. Through an unfolding process of small glimpses many times these exercises shift us from a thought based knowing to an awareness based way of operating in the world. With continued practice we learn to unhook from our customary home in our ego based

identity and then sustain an embodied presence and relatedness known as open hearted awareness Loch Kelly teaches that this is the meeting place of awakening and growing up where we have the capacity to handle a fully emotional intimate life and act with authenticity and compassion Learn more about How to separate awareness from thinking to realize that thoughts and emotions are not the center of who we are How insights from neuroscience can help us learn how to embody awakening Ego identification a pattern of thought that co opts the body s boundary program and creates a mistaken identity The paradox of being home while returning home Finding the off switch for the chattering mind How to intentionally and immediately shift into peace of mind any time of your day Awakening as a natural process of human development which unfolds as waking up waking in and waking out Meditation practices for all phases of the journey of awakening and embodiment Four stages of spiritual growth recognition realization stabilization and expression Untying the knots in our mindbody system to liberate us from our deepest doubts and fears How to move from deliberate mindfulness to effortless mindfulness and heart mindfulness How to effortlessly focus without using attention Discovering your innate happiness that is not dependent on circumstances How to welcome and liberate sub personalities after initial awakening A user s manual for your consciousness to help you free yourself from the limits of ego identification and live from open hearted awareness

Prophecy, Challenge & Blessing: Visions of 2012 & the Shift Jack Allis,2010-05 As we close in on the 40th anniversary of Woodstock 69 Co creator and Promoter Artie Kornfeld has decided to finally share his story He tells of the events that prepared him to promote Woodstock of his experience of organizing the musicians for the concert preparing them before they went on stage and of course his own take on what Woodstock meant to his generation and what it continues to mean for all those who appreciate what ocured those three magical days in August 1969 **The Shift** O. K. Johnson,2012-08 Preface This book has been in the works approximately thirty seven years When I was twenty two I knew I was going to write a book I just didn t know what the topic would be or where it would go That was in the days of manual typewriters Functional home computers with word processing were still about eight years away It wasn t until about two years ago in the spring of 2010 that I felt it was time to write I toyed with a couple of different themes since biblical prophecy was my prime interest However as the writing progressed I felt the Lord directing me to write the story of my journey from religion in the Roman Catholic tradition to a Bible based personal relationship with God as the creator of the universe I grew up attending Catholic schools and my experiences are very similar to thousands of others who have attend parochial school It was a great experience and solid educationally It just wasn t fulfilling spiritually I don t focus on the political and social issues facing the Catholic Church as some folks have I will not Catholic bash If anything I have tried to be evenhanded concerning my experiences growing up Catholic and those of dealing with my Protestant Christian friends There will be some things said in this book that will cause my Catholic friends to cringe There will also be some conclusions with which my Protestant friends will disagree The story is my personal journey and one I am happy to share It is the story of my journey from religion to

relationship and my personal view from the perspective of the author. *Understanding the Global Shift, the Popularity of Donald Trump, Brexit and Discontent in the West* Rocky M. Mirza PhD, 2019-01-26 The problem is not President Trump Brexit Far Right politicians racism or Islamophobia It is the Global Shift from America and Europe to China India and beyond As an economist Dr Mirza is fascinated by the Rise of China from a dirt poor country in 1980 to the World's second largest economy today This revolutionary achievement has not yet sunk in with Western leaders economists the media or the public at large Imagine living in Europe when Columbus sailed West to find China European leaders either ignored him or heaped scorn on his bravado Dr Mirza believes that Western leaders today are as ignorant of today's Global Shift from West to East as the Eastern leaders of the Ottoman Empire China and India were during the 16th 18th centuries of the Global Shift then from East to West This book intends to shed light on that ignorance It traces the beginning of this Global Shift from the Mexican Maquiladoras to China's SEZs to India's Call Centres to Indonesia ASEAN Brazil and Africa Dr Mirza also explains how this Global Shift is responsible for the Rise of populism in the West of President Trump Brexit and Far Right politicians **The Nature Of The Shift** May Palesano, 2021-07-16 The book shares the meaning of living authentically and with purpose The author brings out your deeper soul substance and acknowledges the sole purpose of your soul Through this book you will gain a more comprehensive understanding of how change requires consideration of a human perspective a spiritual perspective and thoughtful analysis of the difference between the two *The Condor*, 1958 *Awakening Earth* Duane Elgin, 1993 Just as there are relatively distinct stages that characterize the development of an individual from infancy to early adulthood so too are there discernible stages in the development of our species as we move toward a planetary scale civilization *Awakening Earth* brings together views from science and spirituality East and West the practical and the visionary to present a compelling new picture of human evolution Based upon twenty years of research this book explores the human journey from the initial awakening of hunter gatherers roughly 35 000 years ago through the agrarian era and Industrial Revolution and then goes on to describe three additional stages of development essential for realizing our initial maturity as a global species civilization A disoriented world civilization faced with dwindling resources mounting pollution and exploding population is a recipe for ecological collapse and social anarchy It is imperative that the human family begin to make rapid and profound changes in how we live together on the Earth To accomplish this we must now ask ourselves fundamental questions Who are we What are we doing here Where are we going as a species *Awakening Earth* provides a catalyst for this conversation with its integrative vision and inspiring map of the journey toward a sustainable compassionate and creative future While not predicting a sudden new age of social enlightenment *Awakening Earth* does present the promising view that humanity is roughly halfway through seven major transformations in culture and consciousness required to build a planetary civilization that can endure into the deep future BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Physical and Biological Hazards of the Workplace* Gregg M.
