# Traders To The Navajos

**Frances Gillmor, Louisa Wade Wetherill**

## **Traders To The Navajos:**

**Traders to the Navajos** Frances Gillmor, Louisa Wade Wetherill, 1953      *Navajo Trading* Willow Roberts Powers, 2002-11 This overview is the first to examine trading in the last quarter of the twentieth century when changes in both Navajo and white cultures led to the investigation of trading practices by the Federal Trade Commission resulting in the demise of most traditional trading posts      *Traders, Agents, and Weavers* Robert S. McPherson, 2020-03-12 For travelers passing through northern Navajo country the desert landscape appears desolate The few remaining Navajo trading posts once famous for their bustling commerce seem unimpressive Yet a closer look at the economic and creative activity in this region which straddles northeastern Arizona northwestern New Mexico and southeastern Utah belies a far more interesting picture In *Traders Agents and Weavers* Robert S McPherson unveils the fascinating and at times surprising history of the merging of cultures and artistic innovation across this land McPherson the author of numerous books on Navajo and southwestern history narrates here the story of Navajo economic and cultural development through the testimonies of traders government agents tribal leaders and accomplished weavers For the first half of the twentieth century trading posts dominated the Navajo economy in northwestern New Mexico McPherson highlights the Two Grey Hills post and its sister posts Toadlena and Newcomb which encouraged excellence among weavers and sold high quality rugs and blankets Parallel to the success of the trading industry was the establishment of the Northern Navajo or Shiprock Agency and Boarding School The author explains the pivotal influence on the area of the agency's stern and controversial founder William T Shelton known by Navajos as Tall Leader Through cooperation with government agents American settlers and traders Navajo weavers not only succeeded financially but also developed their own artistic crafts Shunning the use of brightly dyed yarn and opting for the natural colors of sheep's wool these weavers primarily women developed an intricate style that has few rivals Eventually economic shifts including oil drilling and livestock reduction eroded the traditional Navajo way of life and led to the collapse of the trading post system Nonetheless as McPherson emphasizes Navajo weavers have maintained their distinctive style and method of production to this day      **Traders to the Navajos, the Wetherills of Kayenta** Frances Gillmor, Louisa Wade Wetherill, 1953      **Traders to the Navajos** Frances Gillmor, Louisa Wade Wetherill, 1967

**TRADERS TO THE NAVAJOS.** FRANCES. GILLMOR, 1952      *Traders to the Navajos* Francis Gillmor, Louisa Wade Wetherill, 2013-10 This is a new release of the original 1934 edition      Patterns of Exchange Teresa Wilkins, 2008 The Navajo rugs and textiles that people admire and buy today are the result of many historical influences particularly the interaction between Navajo weavers and the traders who guided their production and controlled their sale John Lorenzo Hubbell and other late nineteenth century traders were convinced they knew which patterns and colors would appeal to Anglo American buyers and so they heavily encouraged those designs In *Patterns of Exchange* Teresa J Wilkins traces how the relationships between generations of Navajo weavers and traders affected Navajo weaving The Navajos valued their

relationships with Hubbell and others who operated trading posts on their reservation As a result they did not always see themselves as exploited victims of a capitalist system Rather because of Navajo cultural traditions of gift giving and helping others the artists slowly adapted some of the patterns and colors the traders requested into their own designs By the 1890s Hubbell and others commissioned paintings depicting particular weaving styles and encouraged Navajo weavers to copy them reinforcing public perceptions of traditional Navajo weaving Even the Navajos came to revere certain designs as the weaving of the ancestors Enhanced by numerous illustrations including eight color plates this volume traces the intricate play of cultural and economic pressures and personal relationships between artists and traders that guided Navajo weavers to produce textiles that are today emblems of the Native American Southwest Winner Multi cultural Subject New Mexico Book Awards *Traders to the Navajos - Scholar's Choice Edition* Frances Gillmor,Louisa Wade Wetherill,2015-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *A Good Trade* John D. Kennedy,2009 A GOOD TRADE In 1899 G E Kennedy came west to a lumber company in the mountains near Gallup New Mexico Many employees were Navajos Indians from whom he learned their language and customs That experience and opportunity led him to the Navajo reservation in 1912 He built a trading post in a territory the size of West Virginia with few other traders His legacy carried forth two generations This is a story of three generations of Kennedy traders spanning one of the greatest periods of Southwestern US history as times changed from horseback and wagons to computers and planes *Traders to the Navajos - Primary Source Edition* Frances Gillmor,Louisa Wade Wetherill,2014-02-24 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **Early Day Trader with the Navajos** Carl F. Steckel,1987 Memoirs of an Indian trader on the Navajo Indian Reservation in Arizona during 1914 15 and the 1920s The author worked

for Claw Preston at the Tuba City Trading Post and for the Babbitt Brothers Trading Company Posts at Red Lake and Tolchaco He later opened his own trading post at Sandwater Navajoland Trading Post Encyclopedia klara kelley,Harris Francis,2018-09-30 A History of the Navajos Garrick Alan Bailey,Roberta Glenn Bailey,1999 A History of the Navajos examines these circumstances over the century and more that the tribe has lived on the reservation In 1868 the year that the United States government released the Navajos from four years of imprisonment at Bosque Redondo and created the Navajo reservation their very survival was in doubt In spite of conflicts over land and administrative control by the 1890s they had achieved a greater level of prosperity than at any previous time in their history **Our Friends, the Navajos**,1976 *The Navajos* Oscar H. Lipps,1909 **Indian-made** Erika Marie Bsumek,2008 In works of silver and wool the Navajos have established a unique brand of American craft And when their artisans were integrated into the American economy during the late nineteenth century they became part of a complex cultural and economic framework in which their handmade crafts conveyed meanings beyond simple adornment Bsumek unravels the layers of meaning that surround the branding of Indian made When Navajo artisans produced their goods collaborating traders tourist industry personnel and even ethnologists created a vision of Navajo culture that had little to do with Navajos themselves And as Anglos consumed Navajo crafts they also consumed the romantic notion of Navajos as primitives perpetuated by the marketplace These processes of production and consumption reinforced each other creating a symbiotic relationship and influencing both mutual Anglo Navajo perceptions and the ways in which Navajos participated in the modern marketplace Ultimately Bsumek shows that the sale of Indian made goods cannot be explained solely through supply and demand It must also reckon with the multiple images and narratives that grew up around the goods themselves integrating consumer culture tourism and history to open new perspectives on our understanding of American Indian material culture BOOK JACKET *The Navajo Indians* Dane Coolidge,Mary Roberts Coolidge,1930 The Navajos Nancy Bonvillain,1995 Discusses the history and culture of the Navajos the largest Native American tribe in the United States today and includes traditional songs and recipes **The Development of Capitalism in the Navajo Nation** Lawrence David Weiss,1984
