Tragedy Vision And Form:

Tragedy, Vision and Form. D. by Robert W. Corrigan.... Robert W.. Corrigan,1965 Tragedy, Vision and Form Robert Willoughby Corrigan,1981 Tragedy ,1965 Tragedy, vision and form Robert Willoughby Corrigan (1927-, ed),1981

ALL MY SONS Arthur Miller, The Anglo Egyptian Bookshop ￼￼￼￼￼￼￼￼￼￼￼￼￼￼￼, **Coleridge, Form and Symbol, Or The Ascertaining Vision** Nicholas Reid,2006 Reid to demonstrate the centrality of concrete form for Coleridge giving an integrated account of Coleridge s theory including terms like symbol and organic form and also situating these central Coleridgean concerns within a contemporary realist and non theistic aesthetic In addition he offers a clear account of Schelling s place in the development of Coleridge s thinking Reid s interdisciplinary approach will make this book invaluable not only to Coleridge specialists but also to students and scholars concerned generally with the history of philosophy psychology religion and literature BOOK JACKET *A Study Guide for Arthur Miller's All My Sons* Gale, Cengage Learning,2015-09-24 Turning Up the Flame Jay L. Halio,Ben Siegel,2005 The time would appear ripe then to take a closer look at Roth s more recent or later fiction That is the intent of this gathering of critical essays This is the only essay collection devoted primarily to Roth s fiction of the last two decades It includes fourteen essays written by some of the leading Roth specialists in this country and abroad BOOK JACKET **Transmutations of Desire** Qiancheng Li,2020-11-15 In the West love occupies center stage in the modern age whether in art intellectual life or the economic life We may observe a similar development in China on its own impetus which has resulted in this characteristic of modernity this feature of modern life has been securely and unambiguously established not the least facilitated by the thriving of literature about qing whether in traditional or modern forms Qiancheng Li concentrates on the nuances of a similar trend manifested in the Chinese context The emphasis is on critical readings of the texts that have shaped this trend including important Ming and Qing dynasty works of drama Buddhist texts and other religious philosophical works in all their subtlety and evocative power The power of qing or strong emotion is a major theme in late imperial Chinese literature some writers asserting that it can transcend even life itself Qiancheng Li surveys a number of seventeenth century philosophical religious and literary texts to elucidate the metaphysical aspects of emotional attachment and of sexual desire in particular Through his broad and penetrating reading Li demonstrates incontrovertibly how to seventeenth century writers qing and religion were inextricably linked To those writers qing could bring enlightenment and certainly Li s study enlightens its readers to new levels of complexity in major literary works of that period *Transmutations of Desire* sets a major new milestone in the study of traditional Chinese culture Robert E Hegel Washington University in St Louis **After Dionysus** William Storm,1998 William Storm reinterprets the concept of the tragic as both a fundamental human condition and an aesthetic process in dramatic art He proposes an original theoretical relation between a generative and consistent tragic ground and complex characterization patterns For Storm it is the dismemberment of character not the death that is the signature mark of tragic

drama Basing his theory in the sparagmos the dismembering rite associated with Dionysus Storm identifies a rending tendency that transcends the ancient Greek setting and can be recognized transhistorically The dramatic character in any era who suffers the tragic fate must do so in the manner of the ancient god of theater the depicted self is torn apart figuratively if not literally psychologically if not physically Storm argues that a newly objectified concept of the tragic can prove more useful critically and diagnostically than the traditional and more subjective tragic vision Further he develops a theory of the tragic field a model for the connective and cumulative activity that brings about the distinctive Dionysian effect upon character His theory is supported with case studies from Agamemnon and Iphigenia in Aulis King Lear and The Seagull Storm s examination of the dramatic form of tragedy and the existential questions it raises is sensitive to both their universal relevance and their historical particularity

Christian Settings in Shakespeare's Tragedies D. Douglas Waters,1994

Battenhouse s Shakespearean tragedy Its art and Christian premises Irving Ribner s Patterns in Shakespearean tragedy Virgil K Whitaker s The mirror up to nature The techniques of Shakespeare s tragedies and Robert Grams Hunter s Shakespeare and the mystery of God s judgments Waters questions for example Battenhouse s validity of Christian theological and didactic emphases on the old purgation theory of catharsis His approach differs also from Northrop Frye s views on the tragedies in Northrop Frye on Shakespeare an archetypal approach to representative plays including the tragedies The Tragic Vision of Politics Richard Ned Lebow,2003-10-30 Is it possible to preserve national security through ethical policies Richard Ned Lebow seeks to show that ethics are actually essential to the national interest Recapturing the wisdom of classical realism through a close reading of the texts of Thucydides Clausewitz and Hans Morgenthau Lebow argues that unlike many modern realists classic realists saw close links between domestic and international politics and between interests and ethics Lebow uses this analysis to offer a powerful critique of post Cold War American foreign policy He also develops an ontological foundation for ethics and makes the case for an alternate ontology for social science based on Greek tragedy s understanding of life and politics This is a topical and accessible book written by a leading scholar in the field *The Tragic Vision of African American Religion* M. Johnson,2010-05-24 Many have used the term tragic to refer to African American religious and cultural experience After a studied meditation on and articulation of the tragic vision Johnson argues that African American Christian Consciousness is an expression of the tragic and a tragic expression of the Christian Faith

The Tragic Vision Murray Krieger,2019-12-01 Originally published in 1973 Literary critics who have studied tragedy and the tragic vision failed in Murray Krieger s estimation to define exactly what they saw as the tragic vision in general terms An aim of his book is to create a tentative definition of tragic and to flesh out what the author sees as the definition most illuminating of modern literature and the modern mind In order to do this Krieger distinguishes between what he sees as the tragic vision and tragedy tragedy from his perspective is an object s literary form whereas tragic vision refers to a subject s psychology the subject s view and version of reality In light of the shriveling of the tragic concept in the modern world and the reduction of a

total view to the psychology of the protagonist Krieger contends that the protagonist in a tragedy is now more appropriately designated a tragic visionary than a tragic hero

Beyond Form Criticism Paul R. House, 1992 Literary analysis has stimulated discussion in many areas generated excitement among scholars and offered new ways of studying the Bible for a wide variety of readers The works chosen exhibit why literary criticism has grown from a passing fad to a hopefully lasting part of Old Testament research The format of this collection seeks to address two very basic areas Biblical studies both introduce and implement critical methodologies Scholars choose approaches and then use them to explain texts Therefore at least two articles appear for each literary approach in the sections below One article has been chosen to help the reader define an individual type of literary analysis Subsequent articles then use the methodology to explain an Old Testament text In this way both an approach s theoretical and practical value can be judged Editor s preface Thomas Hardy Jeffrey Harold Olin, 1985 University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects University of California (System). Institute of Library Research, University of California, Berkeley, 1972
