**Chalcedon Report** ,2002 **Subject Guide to Books in Print** ,2001 *The Training of the Twelve* A. B. Bruce,2012-07-02 The Training of the Twelve by A. B. Bruce provides a classic study of Jesus teaching and training of his disciples Using a loose harmony of the Gospels approach Bruce pulls from all four gospel narratives to show how Jesus disciplined His disciples The book s greatest strength is that it is not as a how to book on discipleship or a 12 step program for leadership development Instead Bruce exegetes the passages showing what Jesus was doing with his disciples and leaves

contemporary application to the reader Bruce's book which was first published in 1871 is a valuable study for any Christian who serves in any form of leadership capacity or who seeks to be a disciple of Jesus Christ. Its 31 chapters provide an absorbing commentary on selected passages of the four Gospels following Jesus' ministry and teaching among his disciples in chronological order. Although the writing style may take a bit of getting used to for modern readers, the result is well worth the effort. The table of Scripture references discussed in the book also makes it a useful reference work after it has been read from cover to cover. Theologically sound and biblically true, this book comes highly recommended to anyone desiring to obey Jesus's command to make disciples.

**The Training of the Twelve** Alexander Balmain Bruce, 1971. The lessons and patterns in ageless management principles employed by our Lord with His disciples are an inspiring model for those who seek greater depth and stability in the Christian church today. Featured in this classic work is Christ the Master Potter molding and fashioning His disciples into useful vessels. The Training of the Twelve is rich in thoughts not only for preacher and teacher but it is also invaluable for every Christian who is interested in being a leader or in preparing others to lead. **A Leadership Training Manual for the 21st Century Church Leader Based on the Pattern and Principles Jesus Created to Train the Twelve Apostles** Gregory Bruce Baxter, 2011. Christian leadership training for pastors, missionaries, and lay leaders is mostly patterned after academic, business, military, and government models. This leads to a pragmatic, secular, and American approach to building churches and advancing the Kingdom of God. Secular models of leadership training can inform and supplement but never usurp scriptural principles and values. The best Christian leadership training pattern is the one Jesus created to train the twelve Apostles. This model is found predominately in the gospels. The template this writer will follow is based on A. B. Bruce's 19th-century seminal work *The Training of the Twelve*. This training model is built on Christ's instruction to the twelve in four stages: the calling of the spiritual leader, the character of a spiritual leader, the competence of a spiritual leader, and the commission of a spiritual leader.

[The Training of the Twelve as a Guide for the Development of Lay Leadership in the Church](#) Azile Parr Patrick, 1949. *Forthcoming Books* Rose Army, 2000-06. [Bowker's Complete Video Directory, 1998](#), 1998. [The Training of the Twelve](#) Alexander B. Bruce, 2010-01-01. With many ministers and religious organizations already using modern techniques found in management books, why not go straight to the source? A. B. Bruce's 1877 work *The Training of the Twelve* shows the methods Jesus used to lead his disciples and teach them to spread His Word. Though written more than a century ago and based on Gospels two thousand years old, the ideas in this volume apply as surely today as they did in 1877, and church leaders or those aspiring to be church leaders will find this an invaluable resource. Learn how Jesus chose and trained his disciples, how and what he taught them about evangelism and prayer, the nature of true holiness, humility, and self-sacrifice, and much more.
