British and Colonial Printer and Stationer, 1915 *The Presidencies of James A. Garfield & Chester A. Arthur* Justus D.
Doenecke, 1981 This is the first single volume to focus on the presidencies of both James A Garfield and Chester A Arthur
Drawing from a host of studies on the foreign and domestic policies of the nation during the Gilded Age as well as from his
own primary research the author presents a somewhat revisionist look at Garfield and Arthur revisionist in that he gives the
reader a renewed appreciation of both men Far from being cynical spoilsmen or naive incompetents individuals whose
presidencies provide studies in ineptitude Garfield and Arthur emerge as men of considerable ability While making no claims
of greatness Doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the
presidency moved from the weak leadership of Andrew Johnson to the forceful direction of Theodore Roosevelt According to
Doenecke Garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping
the power of appointment in his own hands His victory over the Stalwarts enhanced both the power and prestige of the office
His knowledge of how government worked was unmatched long before Woodrow Wilson made his mark Garfield was the
scholar in politics The diplomacy of Secretary of State James G Blaine comes under critical scrutiny Doenecke evaluates his
performance in the Chile Peru War War of the Pacific the Guatemala Mexico dispute the isthmian canal issue Irish American
activities in Britain and efforts to secure markets in Korea br Garfield was assassinated less than six months after he entered
office he had yet to be tested on major issues of public policy Chester A Arthur was ill prepared to be chief executive was in
poor health much of the time while he was in office and was faced with a hopelessly divided party Nevertheless he was one of
the nation s great political surprises His administration pioneered in the development of the navy sought foreign markets for
American surpluses fostered civil service reform and pressed for a scientific tariff Doenecke devotes one chapter to the spoils
system and the background to the Pendleton Act one to Arthur s strategy regarding the South and then offers an in depth
analysis of diplomacy during Arthur s tenure During the presidencies of Garfield and Arthur the United States attempted to
intervene in a war between Chile and Peru sought to turn Nicaragua into a protectorate supplied leading advisers to
Madagascar and Korea and took a major part in the Congo conference of 1884 In examining these activities even while
pointing to uncoordinated statecraft and inept diplomacy Doenecke challenges the long held view that from 1881 to 1885 the

nation was withdrawn and insular His fresh perspective on the Garfield and Arthur years will be of considerable interest to historians of the Gilded Age
