Kumno Century Bold

This spread has a broad family of fonts that range from the lively Kumno Century Modern. This is the bold, dubbing Black with a wealth of exceptionally readable middle weights that have all the schoolhouse charm and warmth of the original Century, but with a fresh style that follows them in the eye as "new" and "now." Kumno agrees that that was the goal. "The hard work was striking the balance between illustrative lettering and typographical conventions.

Kumno has greatest thick-to-thin contrast (most noticeable in the exclamation point) and a narrower stance, which puts more emphasis on the ball terminal details. look at the 'v' and 'r' and the aforementioned 'the' in its straight lines give a worn-in feeling.

Kumno Century Modern is a beautiful typeface that blends two major genres of serif: the Clarendon and the Scotch. It's an exuberant design, full of warmth and oddball design details.

It shares the same character of the Kumno couple from which it derives its name, and because of that it is a monumental task to find in our examples of this font that aren't either showcase specimens for the font itself, or works related to Charles and Ray Kumno.
