**Vladimir Il'ich Lenin, Nikolaï Bukharin**

## **State Capitalism In Russia:**

*State Capitalism in Russia* Tony Cliff, 1988 A reprint of Cliff's classic analysis of state capitalism in Russia with a new introduction by the author Remains the clearest understanding of Eastern European social and political development since the Second World War     **Russia** Anthony Arnove, Tony Cliff, Peter Binns, Chris Harman, Ahmed Shawki, 2017 In the Russian revolution of 1917 workers took control of a major country for the first time in history     *State Capitalism in Russia* Savel Zimand, 1926     **State Capitalism in Russia** Savel Zimand, 1926     *State Capitalism in Russia* Savel Zimand, 1926

**Russia: From Proletarian Revolution to State-Capitalist Counter-Revolution** Raya Dunayevskaya, 2017-07-10  
Russia From Proletarian Revolution to State Capitalist Counter Revolution is a selection of writings by the Marxist Humanist philosopher Raya Dunayevskaya which begins with an examination of Lenin's Hegel Notebooks his philosophic preparation for proletarian revolution followed by a section on What Happens After the revolution the first years post 1917 Analyses of Trotsky Stalin Bukharin and Luxemburg are presented A key section is Russia's Transformation into Opposite The Theory of State Capitalism Opposition to Russian state capitalism such as the 1953 East Germany Revolt and the 1956 Hungarian Revolution are described Mao's China as another form of state capitalism as well as the Sino Soviet conflict is discussed The study ends with a battle of ideas with other analyses of the Revolution and its aftermath     *What Was The USSR? Aufheben* Collective, 2020-10-13 The Russian Revolution and the subsequent establishment of the USSR as a workers state has dominated political thinking for more than three generations In the past it seemed enough for communists to define their radical separation with much of the left by denouncing the Soviet Union as state capitalist This is no longer sufficient if it ever was Many Trotskyists for example now feel vindicated by the restoration of capitalism in Russia To transform society we not only have to understand what it is we also have to understand how past attempts to transform it failed In *What Was The USSR Aufheben* explores the inadequacies of the theory of the USSR as a degenerated workers state and the various versions of the theory that the USSR was a form of state capitalism *Aufheben* is a UK based libertarian communist journal that has been active since 1992 *What Was The USSR* was a series of articles published by them in issues 6-9 between 1997 and 2000 The Radical Reprint by Pattern Books is made to be as accessible and as close to manufacturing cost as possible     **State Capitalism's Uncertain Future** Scott B. MacDonald, Jonathan Lemco, 2015-07-20 A provocative and timely look at the current state of global economics particularly how the state owned companies of Russia China Latin America and other emerging markets are influencing how people work how they consume and how they prosper The global economy is changing experts are noting slow growth in the advanced economies greater volatility in international markets and the emergence of state owned companies in the competitive marketplace This forward looking reference explores the role that state capitalism plays within the political structures of countries throughout the world The text begins with an introduction to state capitalism moves into an in depth examination of several countries and regions and concludes with a discussion on the future of state

capitalism in the next decade Coauthors Scott B MacDonald and Jonathan Lemco examine the challenges that state owned companies face in the global economy including a weak legal and commercial infrastructure a conflict of interest between politics and business and massive corruption in local and regional governments A close review of the perils of state capitalism based on meritocracy devolving into crony capitalism invites debate on the longevity of this economic system versus a free market economy **Russia Today** International Socialists (Australia),1989 **Russia State Capitalism**,197? **Soviet Russia** ,1922 **A Taxonomy of State Capitalism** Axel Wölk,2021-04-07 What is the economic order of state capitalism Furthermore how can its significant performance differences be explained The first question is tackled with the help of New Institutional Economics by developing a model of state capitalism This topic is furthermore dealt with in Chapter 3 where a taxonomy of state capitalism is presented This chapter already explains some of the performance differences In the last chapter with the help of semi structured interviews and literature surveys in four case studies propositions are forwarded as to why state capitalist orders vary so widely in their performances Two points stick out the quality of the bureaucracy as well as a varying degree of commitment of the political leadership to a developmental course

**Soviet Russia Pictorial** ,1922 **The Nation** ,1921 Capitalist Alternatives Paul Dragos Aligica,Vlad Tarko,2014-11-20 The book's objective is to explore the challenge of thinking methodically in a theoretically and empirically informed way about alternative forms of capitalism What are the most effective ways to conceptualize the existing models of capitalism that have captured the public imagination and are currently floating around in the public debate How can one mobilize empirical analysis and theory in thinking about the realm of possibilities and about the future of economic order but avoid the twin perils of scientism and historicism This book is an attempt to respond to these and related challenges First it delves into the substantive aspect of the debate taking a closer look at a set of particular forms and models of capitalism that are currently discussed both in mass media and in academic circles as plausible or at least possible alternatives to the status quo Crony State Regulatory and Entrepreneurial Capitalisms By elaborating and clarifying those models it engages in a heuristic exercise that leads to a better understanding of the task of conceptualizing and assessing in a theoretically informed way the diversity of forms of capitalism Second the book takes a step further looking at the epistemic theoretical and methodological dimensions of the discussion What is involved more precisely in our classifying and theorizing of capitalist systems and their historical evolution What is the epistemic basis for building plausible conjectures about the future evolution of an economic system What are the logical and methodological parameters of our endeavors that deal with economic systems or with the problem of continuity and change in comparative economic systems Offering an original approach to the problem of alternative forms of capitalism this book will be of great interest to scholars working in the field of comparative political economy **The Economy of Russia and Other Post-Soviet Countries** Alexander S. Bulatov,Yury D. Kvashnin,Nina M. Mamedova,2019-04-25 This volume offers analyses of the basic tendencies and the

problems of Russia Eastern Europe Transcaucasia Central Asia and the Baltic states It covers the Russian economic model the rates and proportions of the Russian economy its real financial external and social sectors investment and fixed assets human capital and economic policy East European Transcaucasian Central Asian and Baltic economies are then analysed using the same perspectives This allows a comparison of the economic progress of the post Soviet countries highlighting the differences and the similarities between them This book will be useful for students professors and businessmen interested in cooperation with the post Soviet countries *The New Policies of Soviet Russia* Vladimir Il'ich Lenin,Nikolaï Bukharin,1921
