## **Stuart Wales:**

*Stuart Wales* W. S. K. Thomas, 1988      **Stuart Wales** W. S. Thomas, 1989-01-01      *Major-General Thomas Harrison* David Farr, 2016-05-13 Thomas Harrison is today perhaps best remembered for the manner of his death As a leading member of the republican regime and signatory to Charles I's death warrant he was hanged drawn and quartered by the Restoration government in 1660 a spectacle witnessed by Samuel Pepys who recorded him looking as cheerful as any man could do in that condition Beginning with this grisly event this book employs a thematic rather than chronological approach to illustrate the role of millenarianism and providence in the English Revolution religion within the new model army literature image and reputation and Harrison's relationship with key individuals like Ireton and Cromwell as well as groups most notably the Fifth Monarchists Divided in three parts the study starts with an analysis of Harrison's last year of life the nature of his response to the political collapse of the Interregnum regimes and his apparent acceptance of the Restoration without overt resistance Part two considers Harrison's years of power analysing his political activities and influence in the New Model especially with regard to the regicide The final part ties Harrison's political retreat to his initial emergence from obscurity arguing that Harrison's relative political quietism during the later 1650s was a reflection of the development of his millenarianism Unlike the only two previous full length studies of Harrison the present work makes use of a full range of manuscript primary and secondary sources including the huge range of new material that has fundamentally changed how the early modern period is now understood Fully footnoted and referenced this study provides the first modern academic study of Harrison and through him illuminates the key themes of this contested period      Beaufort Molly McClain, 2001-01-01 They also sought to tame political and religious passions and to bring order and stability to Restoration society a goal which was shared by many members of the landed classes This book uses their story to illuminate the profound cultural changes which took place after 1660 It also brings to life Henry Somerset 1629 1700 and Mary Capel Somerset 1630 1715 two complex and unique individuals BOOK JACKET      *Commonwealth Arbitration Reports* Australia. **British Problem c.1534-1707** Brendan Bradshaw, John Morrill, 1996-06-27 This pioneering book seeks to transcend the limitations of separate English Irish Scottish and Welsh histories by taking the archipelago made up of the islands of Britain and Ireland as a single unit of study There has been little attempt hitherto to study the history of the Atlantic archipelago as a coherent entity even for the period during which there was a single ruler of both Great Britain and Ireland This book begins with the onset of the intellectual religious political cultural and dynastic developments that were to bring the Scottish house of Stewart to the thrones of England incorporating the ancient principality of Wales Ireland a kingdom created in 1541 as a dependency of the English Crown and to full control of Scotland itself and of its islands This is then a story of the creation of a British state system if not a British state but the book is also a study of how the peoples of the archipelago interacted as a result of internal migration military conquest protestant and Tridentine Catholic evangelism and how they were changed as a result Ten distinguished historians representing the separate peoples of the islands of Britain and Ireland and teaching history in Britain Ireland and the USA offer provocative and challenging new approaches to how and why we need to develop the history of each component of the archipelago in the context of the whole and to make the British Problem central to that study
