The Lobster Chronicles:

The Lobster Chronicles Linda Greenlaw,2003-06-11 A New York Times bestseller the author and swordfisher shares her experiences of returning to her small New England island hometown in this memoir A National Geographic Book Club Pick Declared a triumph by the New York Times Book Review Linda Greenlaw s first book *The Hungry Ocean* appeared on nearly every major bestseller list in the country Now taking a break from the swordfishing career that earned her a major role in *The Perfect Storm* Greenlaw returns to Isle au Haut a tiny Maine island with a population of 70 year round residents 30 of whom are Greenlaw s relatives With a Clancy esque talent for fascinating technical detail and a Keillor esque eye for the drama of small town life Greenlaw offers her take on everything from rediscovering home love and family to island characters and the best way to cook and serve a lobster But Greenlaw also explores the island s darker side including a tragic boating accident and a century old conflict with a neighboring community Throughout Greenlaw maintains the straight shooting funny and slightly scrappy style that has won her so many fans and proves once again that fishermen are still the best storytellers around These true interwoven stories of island life and lobstering are as engaging and uncommon as Greenlaw s adventures at sea Boston Magazine *The Lobster Chronicles: A Trilogy* Jessica Scott Kerrin,2012-12-09 The Lobster Chronicles is a trilogy about how life changes for three boys in a small coastal town when a giant lobster is caught Each book describes the same events through a different boy s eyes making for three suspenseful believable stories and an engrossing reading experience **The Sandbar** ,2002 **Hungry Monkey** Matthew Amster-Burton,2010-04-09 A dad s charming funny memoir of trying to pass along his refined culinary tastes with some kid friendly recipes included Neal Pollack Armed with the belief that kids don t need puree in a jar or special menus when eating out restaurant critic and food writer Matthew Amster Burton was determined to share his love of all things culinary with his daughter Iris From the high of rediscovering tastes through a child s unedited reaction to the low of realizing his precocious vegetable fiend was just going through a phase Matthew discovered that raising an adventurous eater is about exposure invention and patience Sharing in Matthew s culinary capers is little Iris a budding gourmand and a zippy critic herself who makes huge sandwiches gobbles up hot chilies and even helps around the kitchen This account with dozens of delicious recipes and notes on which dishes can be prepared by little fingers reminds us Food is fun and you get to enjoy it three times a day plus snacks A very timely and excellent book Anthony Bourdain A fast funny memoir punctuated with sensible advice and recipes Encourages adults to chill the heck out and have fun cooking with their kids Seattle Weekly An antidote to the ubiquitous advice that bland food is best for little ones Associated Press Full of great ideas for family meals In a world of culinary pandering to kids Amster Burton gets the recipe right Neal Pollack author of *Alternadad* Amster Burton is equal parts Mario Batali Ray Romano Dr Spock of toddler cuisine and Mr Spock of child logic Steven Shaw author of *Turning the Tables* *Spit Feathers* Jessica Scott Kerrin,2013-08 Ferguson is trying to help his grandfather figure out his legacy His grandfather doesn t want to have any

regrets like his old friend McDermit who famously caught a giant lobster but regretted not returning it to sea So when another giant lobster is caught in their fishing community and put up for auction Ferguson cooks up a plan with his grandfather to bid on the lobster and set it free Will this be his grandfather s legacy or will the town s richest man ruin everything Spit Feathers is the third book in The Lobster Chronicles a trilogy about how life changes for three boys in a small coastal town when a giant lobster is caught Each book describes the same events through a different boy s eyes making for three suspenseful believable stories and an engrossing reading experience *The Mystic Cookbook* Jean Kerr,2018-06-01 Bring home the flavors of Mystic Seaport and celebrate the bounty of New England s coastal lands and waters With more than one hundred great recipes both historical and contemporary Mystic Cookbook is the perfect souvenir from the historic Seaport These mouthwatering recipes cover both land and sea with tips for procuring and preparing the perfect oyster how to best enjoy peaches in New England and sweet and savory dishes to share *The Hungry Ocean* Linda Greenlaw,2001-08-01 The term fisherwoman does not exactly roll trippingly off the tongue and Linda Greenlaw the world s only female swordfish boat captain isn t flattered when people insist on calling her one I am a woman I am a fisherman I am not a fisherwoman fisherlady or fishergirl If anything else I am a thirty seven year old tomboy It s a word I have never outgrown Greenlaw also happens to be one of the most successful fishermen in the Grand Banks commercial fleet though until the publication of Sebastian Junger s *The Perfect Storm* nobody cared Greenlaw s boat the Hannah Boden was the sister ship to the doomed Andrea Gail which disappeared in the mother of all storms in 1991 and became the focus of Junger s book *The Hungry Ocean* Greenlaw s account of a monthlong swordfishing trip over 1 000 nautical miles out to sea tells the story of what happens when things go right proving in the process that every successful voyage is a study in narrowly averted disaster There is the weather the constant danger of mechanical failure the perils of controlling five sleep women and booze deprived young fishermen in close quarters not to mention the threat of a bad fishing run If we don t catch fish we don t get paid period In short there is no labor union Greenlaw s straightforward uncluttered prose underscores the qualities that make her a good captain regardless of gender fairness physical and mental endurance obsessive attention to detail But ultimately Greenlaw proves that the love of fishing in all of its grueling isolating suspenseful glory is a matter of the heart and blood not the mind I knew that the ocean had stories to tell me all I needed to do was listen Svenja Soldovieri **But Will the Planet Notice?** Gernot Wagner,2011-09-27 You are one of seven billion people on Earth Whatever you or I do personally eat tofu in a Hummer or hamburgers in a Prius the planet doesn t notice In our confrontation with climate change species preservation and a planet going off the cliff it is what several billion people do that makes a difference The solution It isn t science politics or activism It s smarter economics The hope of mankind and indeed of every living thing on the planet is now in the hands of the dismal science Fortunately we ve been there before Economists helped crack the acid rain problem in the 1990 s admittedly with a strong assist from a phalanx of lawyers and activists Economists have helped get lead out of

our gas and they can explain why lobsters haven't disappeared off the coast of New England but tuna is on the verge of extinction. More disquietingly they can take the lessons of the financial crisis and model with greater accuracy than anyone else the likelihood of environmental catastrophe and they can help save us from global warming if only we let them. **The Chase Chronicle**, 1925 **The Cure for Anything Is Salt Water** Mary South, 2009-01-29 A fed up publisher heads via trawler from Florida to Maine. It's fun going along for the ride. People At forty Mary South had a beautiful home, good friends and a successful career in book publishing. But she couldn't help feeling that she was missing something intangible but essential. So she decided to go looking for it at sea. Six months later she had quit her job, sold the house and was living aboard a forty-foot thirty-ton steel trawler she rechristened *Bossanova*. Despite her total lack of experience South set out on her maiden voyage, a fifteen-hundred-mile odyssey from Florida to Maine with her one-man two-dog crew. But what began as the fulfillment of an idle wish became a crash course in navigating the complicated byways of the self. Even if your idea of the open waters is a swim-up bar at the Ritz Carlton South's uncluttered style and hopeful prose is charming enough to make you happy to simply float peacefully along in its wake. Salon.com Engaging and lovable. Find a nice high chair and stand on it, applauding the existence of a writer and person like Mary South. George Saunders' 1 New York Times bestselling author Mary South's gutsy decision to follow her heart is truly inspiring. I admire her courageous spirit and the fortitude she exhibits in pursuing her own happiness. Linda Greenlaw New York Times bestselling author This small but well-observed memoir is a worthwhile read for anyone stuck in the workaday rut.
