Kox,2009-09-12 This art book is a visual and written documentation of a modern day visionary and his journey into the heart of Bimini It links the Island of Bimini to the lost continent of Atlantis and contains 149 color images painted on Bimini by internationally acclaimed visionary artist Norbert H Kox His writings suggest the probable connection between the last remaining speck of Atlantis and this tiny island in the Atlantic located directly within the Bermuda Triangle The writings postulate interdimensional portals and possible time travel in agreement with quantum physics explaining subtle energies that interact with and affect our physical world The research is well documented and the paintings are stunning The artworks in this book represent eleven years of painting and research on the Island of Bimini and although they do not all correlate with Atlantis and the energy of the Universe they are a documentation of Kox s art
