L Cohen

Hybrid Work Framework:

Research Handbook on Psychosocial Conditions at Work Caroline Biron, Julie Dextras-Gauthier, Cary Cooper, 2025-12-16

This timely Research Handbook explores the emerging psychosocial risks that threaten mental health and productivity in the workplace. Leading experts examine how the world of work is evolving at an unprecedented pace and assess whether existing organizational intervention strategies are still effective at responding to new challenges. *The Future of Human Resource Management in a Multigenerational Workforce* Vidhi Tyagi, Shikha Aggarwal, Pallavi Tyagi, 2025-10-06

As organizations navigate an increasingly complex and fast-evolving business landscape, *The Future of Human Resource Management in a Multigenerational Workforce* provides HR professionals, researchers, and business leaders with a comprehensive guide to understanding and managing the workforce of tomorrow. **Impacting Society Positively Through Technology in Accounting and Business Processes** Tankiso Moloi, 2025-05-09

This conference volume discusses the findings of the iCAB 2024 conference that took place in Sun City, South Africa, on June 27-28, 2024. The University of Johannesburg hosted the iCAB 2024 conference with the aim to bring together researchers from different Accounting and Business Management fields to share ideas and discuss how new disruptive technological developments are impacting the field of accounting. The conference was sponsored by the Association of International Certified Professional Accountants (AICPA/CIMA).

Agile Processes in Software Engineering and Extreme Programming - Workshops Philippe Kruchten, Peggy Gregory, 2023-12-27

This open access book constitutes papers from the research workshops presented at XP 2022 and XP 2023, respectively, the 23rd and 24th International Conferences on Agile Software Development held on June 13-17, 2022, at the IT University of Copenhagen, Denmark, and June 13-16, 2023, in Amsterdam, Netherlands. XP is the premier agile software development conference combining research and practice. It is a unique forum where agile researchers, practitioners, thought leaders, coaches, and trainers get together to present and discuss their most recent innovations, research results, experiences, concerns, challenges, and trends. XP conferences provide an informal environment to learn and trigger discussions and welcome both people new to agile and seasoned agile practitioners. In 2022, the following workshops took place: 3rd International Workshop on Agility with Microservices Programming, 2nd International Workshop on Agile Sustainability, Agile and Education. In 2023, six workshops were held: Workshop on Organisational Debt and Large Scale Agile, Workshop on Software Intensive Business, Workshop on Global and Hybrid Work, Workshop on Fear-Based Agile Transformation, Workshop on AI-assisted Agile, Workshop on Agile Quantum Software Engineering. In 2022, 6 workshop papers were accepted for publication in these proceedings out of 11 submissions, and in 2023, 15 papers were accepted for publication out of 38 submissions.

Innovative Risk Leadership in Aviation Triant Flouris, Ayşe Küçük Yılmaz, Konstantinos Malagas, 2025-08-26

This book focuses on the perspective of risk leadership strategy in view of human resources diversity management and inclusion projects in the multicultural business environment of aviation operations. It will enable the reader to successfully

develop strategies and manage their sustainability with sound risk leadership organisational behaviour and ergonomic focused approaches to achieve corporate objectives within their aviation industry context Innovative risk leadership is the essential driver in diversity ethical and inclusion based global management strategies which are affected by digitalisation and artificial intelligence AI This book showcases many contemporary management issues grounded in the innovative risk leadership concept and will serve as a useful resource for managers and professionals as well as researchers of enterprise management and strategy It examines the successful integration of innovative risk leadership into business management with diversity and inclusion shaped by AI with an emphasis on aviation issues recognising that aviation enterprises operate in a hypercompetitive environment applying digital technologies to achieve smooth operations and efficient performance and that the effective management of multiculturalism is a key priority in this global industry Such realities result in higher risk and as such aviation managers must always strive to find ways to mitigate this risk Practices and policies that the aviation industry applies to handle these issues are shown to be adopted from other sectors as well as adapted to other sectors Written for aviation industry managers professionals students and researchers interested in risk management the book could also be utilised as a handbook for MROs airlines airports and aerospace manufacturers

Remote and Hybrid Work Barbara Z. Larson, 2024 In Remote and Hybrid Work What Everyone Needs to Know R long time remote work scholar and consultant Barbara Z Larson provides an accessible and critical resource for understanding the remote and virtual workplace and how to lead in this new work environment Remote and hybrid work have become defining features of the twenty first century workplace and affect almost all of us including those who work daily in the office As many people discover the benefits and challenges of working from home co workers are contending with emptier offices and virtual teams managers are learning how to lead from a distance and businesses and governments are working through the policy implications of a new model of work In Remote and Hybrid Work What Everyone Needs to Know R Barbara Z Larson addresses key questions regarding the contemporary workplace what is the difference between virtual work and remote work How common is remote work and what changed due to the COVID 19 pandemic Is there a particular type of person who is better suited for remote work What are the effects of using technology to monitor remote workers What are the societal benefits and costs of remote work What has happened to companies that have tried to go fully remote with no offices at all Larson looks carefully into the challenges and opportunities that people and companies face today as work changes Chapters address the issues that vital stakeholders experience in remote work environments including the remote worker remote teams managers of remote workers and companies with remote workforces Larson also incorporates real world examples to illustrate key points and demonstrate best practices Readers will learn from more than thirty years of extensive research by scholars in the areas of applied psychology organizational behavior computer mediated communication and organizational economics Remote and Hybrid Work What Everyone Needs to Know R is a critical resource for understanding this new model of work

Circular

Economy and Human Resources: Global Perspectives Anushka Lydia Issac,Hasnan Baber,2025-12-02 This book fills a crucial gap by providing a comprehensive resource for implementing circular solutions in business and human resources It helps professionals and organizations embrace sustainability by integrating circular concepts into daily operations and HR practices The book serves as a practical handbook offering insights ideas and case studies for adopting circular business models and sustainable HR practices It addresses challenges such as navigating complexity providing practical strategies for incorporating circular economy principles into various sectors It also discusses cross cultural challenges guiding readers on overcoming factors crucial for adopting circular HR policies Furthermore the book addresses the lack of comprehensive resources in the field by providing an in depth perspective that bridges sustainability circular processes and human resources It also discusses ethical considerations recognizing the ethical implications of circular activities and assisting readers in navigating these complex issues Overall the book prepares professionals for long term success in a rapidly changing global environment

The Feminist Legislation Project Becky Batagol,Kate Seear,Heli Askola,Jamie Walvisch,2024-08-26 In this book leading law academics along with lawyers activists and others demonstrate what legislation could look like if its concern was to create justice for women Each chapter contains a short piece of legislation proposed in order to address a contemporary legal problem from a feminist perspective These range across criminal law sexual offences Indigenous women s experiences of criminal law laws in relation to forced marriage modern slavery childcare and sentencing civil law aged care and housing rights regulating the gig economy surrogacy gender equity in the construction industry and constitutional law human rights legislation reimagining parliaments where laws are made for the benefit of women The proposed laws are moreover drafted with feedback from a senior parliamentary draftsman providing guidance to contributors in a personal capacity to ensure conformity with legislative rigour as well as accompanied by an explanation of their reasons and their aims Although the legislation is Australian based the issues raised by each are recognisably global and are reflected in the legislation of most other nations This first feminist legislation project will appeal to scholars of feminist legal studies gender and the law gender studies and others studying or working in relevant legal areas
