The Committed Men Michael John Harrison,1971 *The Committed Marriage* Elizabeth Achtemeier,1976-01-01 From a biblical point of view the author examines the contemporary state of marriage and family life identifies sources of conflict within marriage and clarifies the nature of Christian marriage *Sexual Interaction in Digital Contexts: Opportunities and Risks for Sexual Health* Nicole Krämer,Matthias Brand,Nicola Döring,Tillmann H. C. Kruger,Johanna M. F. Van Oosten,Gerhard Vowe,2022-04-05 [Art And The Committed Eye](#) Richard Leppert,2019-04-05 In *Art and the Committed Eye* Richard Leppert examines Western European and American art from the fifteenth to the twentieth century He studies the complex relation between the look of images and the variety of social and cultural uses to which they are put and demonstrates that the meaning of any image is significantly determined by its function which changes over time In particular he emphasizes the ways in which visual culture is called on to mediate social differences defined by gender class and race In Leppert addresses the nature and task of representation discussing how meaning accrues to images and what role vision and visuality play in the history of modernity Here he explains imagery s power to attract our gaze by triggering desire and focuses on the long history of the use of representation to enact a deception whether in painting or advertising explores art s relation to the material world to the ways in which images mark our various physical and psychic ties to objects The author analyzes still life paintings whose subject matter is both extraordinarily diverse and deeply paradoxical from flower bouquets to grotesque formal arrangements of human body parts Leppert demonstrates that even in innocent still lifes formal design and technical execution are imbued with cultural conflict and social power is devoted to the representation of the human body as subject to obsessive gazing and as an object of display spectacle and transgression The variety of body representation is enormous pleased or tortured gorgeous or monstrous modest or lascivious powerful or weak in the bloom of life or under the anatomist s knife clothed or naked But it is the sexual body Leppert shows that has provided the West with its richest most complex contradictory conflicted and paradoxical accounts of human identity in relation to social ideals
