Tribulation Force Tim LaHaye, Jerry B. Jenkins, 1996 Sequel to *Left Behind* Tribulation Force Tim LaHaye, 1996

End of Days Karolyn Kinane, Michael A. Ryan, 2014-01-10 The idea of the complete annihilation of all life is a powerful and culturally universal concept As human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds This book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical Greek and Roman writings to the foreign policies of today's United States **Marks of the**

Beast Glenn W. Shuck, 2005 The *Left Behind* series by Tim LaHaye and Jerry B. Jenkins has become a popular culture phenomenon selling an astonishing 40 million copies to date These novels written by two well known evangelical Christians depict the experiences of those left behind in the aftermath of the Rapture when Christ removes true believers leaving everyone else to suffer seven years of Tribulation under Satan's proxy Antichrist In *Marks of the Beast* Shuck uncovers the reasons behind the books unprecedented appeal assessing why the novels have achieved a status within the evangelical community even greater than Hal Lindsey's 1970 blockbuster *The Late Great Planet Earth* It also explores what we can learn from them about evangelical Christianity in America Shuck finds that ironically the series not only reflects contemporary trends within conservative evangelicalism but also encourages readers especially evangelicals to embrace solutions that enact rather than engage their fears Most strikingly he shows how the ultimate vision put forth by the series authors inadvertently undermines itself as the series unfolds Critical Digital Studies Arthur Kroker, Marilouise Kroker, 2008-01-01

Since its initial publication *Critical Digital Studies* has proven an indispensable guide to understanding digitally mediated culture Bringing together the leading scholars in this growing field internationally renowned scholars Arthur and Marilouise Kroker present an innovative and interdisciplinary survey of the relationship between humanity and technology The reader offers a study of our digital future a means of understanding the world with new analytic tools and means of communication that are defining the twenty first century The second edition includes new essays on the impact of social networking technologies and new media A new section *New Digital Media* presents important new articles on topics including hacktivism in the age of digital power and the relationship between gaming and capitalism The extraordinary range and depth of the first edition has been maintained in this new edition *Critical Digital Studies* will continue to provide the leading edge to readers wanting to understand the complex intersection of digital culture and human knowledge *The Authorized Left Behind Handbook* Tim LaHaye, Jerry B. Jenkins, Sandi Swanson, 2005 A wonderful companion book for avid *Left Behind* readers this complete guide covers the events people technologies and meanings of names and numbers that have driven

speculation and conversation since 1995 **Plotting Apocalypse** Jennie Chapman,2013-09-12 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon Plotting Apocalypse delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns Plotting Apocalypse reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics **Tribulation Force** Tim F. LaHaye, Jerry B. Jenkins, *Kaapse bibliotekaris* ,2001 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 Encyclopedia of American Popular Fiction Geoff Hamilton, Brian Jones,2010-05-12 Covers contemporary authors and works that have enjoyed commercial success in the United States but are typically neglected by more literary guides Provides high school and college students with everything they need to know to understand the authors and works of American popular fiction **Braille Books** Library of Congress.
