Trinity Paradox:

The Trinity and the Vindication of Christian Paradox BA Bosserman, 2015-02-26 The Trinity and the Vindication of Christian Paradox grapples with the question of how one may hold together the ideals of systematic theology apologetic proof and theological paradox by building on the insights of Cornelius Van Til Van Til developed an apologetic where one presupposes that the Triune God exists and then proves this Christian presupposition by demonstrating that philosophies that deny it are self defeating in the specific sense that they rely on principles that only the Trinity as the ultimate harmony of unity and diversity can furnish A question raised by Van Til s trademark procedure is how he can evade the charge that the apparent contradictions of the christian faith render it equally self defeating as non Christian alternatives This text argues that for Van Til Christian paradoxes can be differentiated from genuine contradictions by the way that their apparently opposing elements discernibly require one another even as they present our minds with an irresolvable conflict And yet Van Til failed to sufficiently vindicate the central Christian paradox the doctrine of the Trinity along the lines required by his system Hence the present text offers a unique proof that God can only exist as the pinnacle of unity in diversity and as the ground of a coherent Christian system if He exists as three and only three divine persons **Paradoxes** Piotr

Łukowski, 2011-06-02 This book provides a critical approach to all major logical paradoxes from ancient to contemporary ones There are four key aims of the book 1 Providing systematic and historical survey of different approaches solutions of the most prominent paradoxes discussed in the logical and philosophical literature 2 Introducing original solutions of major paradoxes like Liar paradox Protagoras paradox an unexpected examination paradox stone paradox crocodile Newcomb paradox 3 Explaining the far reaching significance of paradoxes of vagueness and change for philosophy and ontology 4 Proposing a novel well justified and as it seems natural classification of paradoxes *The Paradoxical Breakthrough of Revelation* Uwe Carsten Scharf, 2015-02-06 No detailed description available for The Paradoxical Breakthrough of Revelation

Dictionary of Critical Realism Mervyn Hartwig, 2015-01-30 Dictionary of Critical Realism fulfils a vital gap in the literature Critical Realism is often criticised for being too opaque and deploying too much jargon thereby making the concepts inaccessible for a wider audience However as Hartwig puts it Just as the tools of the various skilled trades need to be precision engineered for specific interrelated functions so meta theory requires concepts honed for specific interrelated tasks it is impossible to think creatively at that level without them This Dictionary seeks to redress this problem to throw open the important contribution of Critical Realism to a wider audience for the first time by thoroughly explaining all the key concepts and key developments It includes 500 entries on these themes and has contributions from major players in field However this text does not stop there it goes further than simply elucidating the concepts and includes a number of essays which use the notions in important areas thereby demonstrating the appropriate use of the concepts in action to encourage their wider use This book will become a requisite reference tool for Critical Realist scholars and Philosophers and Social

scientists alike will enjoy this vital introduction and explanatory text of the indispensable ideas contained within the dynamic and vibrant school of Critical Realism

Paradox and Truth Ralph Allan Smith, 2002 More than 1 500 years after the foundational church councils the doctrine of the Trinity is still as central and as puzzling to theologians as ever Reformed theology has seen increasing calls for the Trinity to live at the center of Christian confession prompting the need for a fuller biblical and practical understanding of the subject In recent Reformed thought Cornelius Van Til and Cornelius Plantinga Jr have proposed important trinitarian theologies Ralph Smith assesses these views and filling out a Van Tilian perspective with Kuyper's lesser known covenantal view he provides a refreshing biblical historical and applicable perspective on this key Christian reality

The Yogi and the Devotee Ninian Smart, 2011 First published in 1968 Ninian Smart's *The Yogi and the Devotee* The Interplay Between the Upanishads and Catholic Theology is based on lectures given in Delhi and explores in a novel way the relation between Hinduism and Christianity The author puts forward a general theory of the relationship between religious experience and doctrines a theory he had developed in earlier works He argues that a new form of natural theology should be presented which would show the relevance of religious experience and ritual to what is given in revelation Smart believes this could be the key to a new understanding between Christianity and Indian religions and also examines what Christians can learn from other faiths During a career as a Professor of Religious Studies and Philosophy Ninian Smart was hugely influential in the way Religious Studies was taught not only in Britain but around the world

The Trinity Paradox Kevin J. Anderson, Doug Beason, 2011-04-20 By Kevin J Anderson Doug Beason Activist Elizabeth Devane wished for an end to nuclear weapons Surely she thought if they'd known what they were unleashing the scientists of the Manhattan Project would never have created such a terrible instrument of destruction But during a protest action the unthinkable happened a flash of light a silent confusion and Elizabeth awakes to find herself alone in a desolate desert arroyo and almost fifty years in the past June 1944 Los Alamos New Mexico While the Allies battle in the Pacific and begin the Normandy invasion in Europe Nazi Germany deviates from the timeline Elizabeth knows and uses its newfound nuclear arsenal against America Somehow somehow Elizabeth has been given the chance to put the genie back in the bottle yet could she should she attempt the greatest sabotage in history

Appraisal of Infant Baptism in the Anglican Communion Newman Enyioko, 2020-03-23 Master's Thesis from the year 2020 in the subject Theology

Biblical Theology grade 4 5 course Research and Development language English abstract This study is about a paradoxical appraisal of infant baptism in the Anglican Communion as a response to the mission and doctrinal challenges of baptism controversy in the Christian domain Given the situation in the background it is opined in this study that the Anglican theology of baptism needs to be appraised critically in line with its mission The practice of infant baptism in Anglican Communion is being misunderstood doctrinally by some other Pentecostal denominations that insist on adult baptism of immersion mode This misunderstanding of baptism in matters of its significance function efficacy method and the adequacy of the outward mode has made this study very imperative In other words the lack of consistent knowledge and teaching about infant baptism seems to be the main factor that enables the baptism theology to have a great influence on the infant baptism debate in Nigeria That is why this study will investigate the better understanding of the Scriptural significance and mode of infant baptism and survey the Anglican theology of baptism in order to respond to its doctrinal challenges in the Nigeria Christian environment
