A Vegetarian Sourcebook Keith Akers, 1983 Abstract Major aspects and controversies of vegetarianism are discussed drawing on evidence from fields as diverse as nutrition medicine ecology agriculture literature sociology philosophy history and religion The material is presented in 3 major topic sections nutrition nutrient considerations diet and digestive disease atherosclerosis cancer other degenerative diseases and current issues ecology e g land use environment and food agriculture and history sociopolitical implications and ethics religious and philosophical influences wz [The Vegan Sourcebook](#) Joanne Stepaniak, 2000-10-22 Increasing numbers of people including actress Drew Barrymore pop star Moby and actor Alec Baldwin are embracing veganism a lifestyle that entails avoiding all animal based products and behaving ethically and conscientiously within our surroundings In [The Vegan Sourcebook](#) long time activist Joanne Stepaniak further explores and illuminates the principles and practical aspects of compassionate living **Vegetarian Sourcebook** Chad T. Kimball, 2002 This book describes various types of vegetarian diets and gives practical advice for safely incorporating them into everyday life Among the topics covered are creating a vegetarian pantry and obtaining sufficient amounts of various nutrients vitamins minerals and food groups Other sections of the book discuss the advantages and disadvantages of eating vegetarian

Vegetarian Times, 1988-10 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both **Vegetarianism** Donna Maurer, 2010-06-16 Vegetarianism seems to be increasing in popularity and acceptance in the United States and Canada yet quite surprisingly the percentage of the population practicing vegetarian diets has not changed dramatically over the past 30 years People typically view vegetarianism as a personal habit or food choice even though organizations in North America have been promoting vegetarianism as a movement since the 1850s This book examines the organizational aspects of vegetarianism and tries to explain why the predominant movement strategies have not successfully attracted more people to adopt a vegetarian identity **Vegetarianism Movement or Moment** is the first book to consider the movement on a broad scale from a social science perspective While this book takes into account the unique history of North American vegetarianism and the various reasons why people adopt vegetarian diets it focuses on how movement leaders beliefs regarding the dynamics of social change contributes to the selection of particular strategies for attracting people to vegetarianism In the context of this focus this book highlights several controversies about vegetarianism that have emerged in nutrition and popular media over the past 30 years **Judaism and Vegetarianism** Richard H. Schwartz, 2001 From God s first injunction Behold I have given you every herb yielding seed which is upon the face of all the earth and every tree in which is the fruit of a tree yielding seed to you it shall be for food Gen 1 29 The Hebrew Bible offers countless examples of how God intends a compassionate

and caring attitude toward animals our health and the health of the planet This attitude as Richard Schwartz shows in his pioneering work now fully revised has been a constant theme throughout Judaism to the present day Indeed Judaism's particular concern for tikkun olam a healing of the world has never been more urgent today given the current state of world hunger environmental degradation and the horror of factory farms Dr Schwartz shows not only how Judaism is particularly well suited to solving these problems but how doing so can revitalize one's Jewish faith Quick Bibliography Series, 1976
