Whoops Apocalypse:

A State of Play Steven Fielding, 2014-04-24 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com A State of Play explores how the British have imagined their politics from the parliament worship of Anthony Trollope to the cynicism of *The Thick of It* In an account that mixes historical with political analysis Steven Fielding argues that fictional depictions of politics have played an important but insidious part in shaping how the British think about their democracy and have helped ventilate their many frustrations with Westminster He shows that dramas and fictions have also performed a significant role in the battle of ideas in a way undreamt of by those who draft party manifestos The book examines the work of overtly political writers have treated the subject discussing the novels of H G Wells the comedy series *Yes Minister* and the plays of David Hare However it also assesses how less obvious sources such as the films of George Formby the novels of Agatha Christie the *Just William* stories and situation comedies like *Steptoe and Son* have reflected on representative democracy A State of Play is an invaluable distinctive and engaging guide to a new way of thinking about Britain's political past and present *Whoops Apocalypse (video)*, 1986

The Chronicles Of Narmo Caitlin Moran, 2013-10-24 Fifteen year old Morag Narmo really doesn't want to go to school any more She and her siblings would rather feed their heads into the waste disposal unit than do the academical So they are all stunned when their parents whisk them out of school and embark on a home schooling experiment But with five children two unruly pets and some extremely eccentric attitudes the educational experiment soon descends into chaos Witty razor sharp and laugh out loud funny *The Chronicles of Narmo* show us how before Caitlin Moran knew How to be a Woman she had to find out How to be a Girl

The British Sitcom Spinoff Film Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i.e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime *Band Waggon* 1940 to the crew of *Kurupt FM* and their recent *People Just Do Nothing* Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from *Hi Gang* 1941 to *I Only Arsked* 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like *Till Death Us Do Part* 1969 *On the Buses* 1971 *The Likely Lads* 1976 and *Rising Damp* 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a

viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality

Fictional Presidential Films Sarah Miles Bolam & Thomas J. Bolam,2011-07-01 Fictional Presidential Films Hollywood's manner of making films its conventions applies especially to fictional presidential films allowing filmmakers to express their ideas that could not be done in traditional historical films Fictional Presidential Films offers a complete filmography of these two hundred plus films decade by decade since 1930 The main body of the work provides a brief summary of each decade along with a summary on the overall nature of films in which a fictional President appeared Each relevant film is then discussed with credits plot summary description of the presidential appearance and when possible an assessment of the presidential portrayal included **The Fictional Female Presidency in Film, Television, and Literature** Kathleen W. Writers Directory, 2000 *Acts of War* Tony Howard, John Stokes, 1996 For fifty years the theatre followed by television drama has explored the myths and the consequences of the states of war which have loomed in the background of British life This survey shows how succeeding generations of British playwrights have recognised war as a determining presence in the political consciousness of the nation In their treatment of military conflict dramatists invariably find themselves engaging with underlying issues of class of gender and of political authority
