Why A Duck:

For They Know Not what They Do Slavoj Žižek, 2002 With the disintegration of state socialism we are witnessing this eruption of enjoyment in the re emergence of aggressive nationalism and racism With the lid of repression lifted the desires that have emerged are from from democratic To explain this apparent paradox says Slavoj Zizek socialist critical thought must turn to psychoanalysis For They Know Not What They Do seeks to understand the status of enjoyment within ideological discourse from Hegel through Lacan to these political and ideological deadlocks The author s own enjoyment of popular culture makes this an engaging and lucid exposition in which Hegel joins hands with Rossellini Marx with Hitchcock Lacan with Frankenstein high theory with Hollywood melodrama **Why a Duck?** Richard J. multifariousness through empirically grounded case studies The closing section engages with the future of vulnerability as a hermeneutic epistemological and critical normative perspective to be deployed beyond the domain of global crises and emergencies The volume is primarily intended as a reference for scholars in the human social and health sciences The accessible structure and plain language of the chapters make it also a valuable didactic resource for graduate courses in philosophy the social sciences and public health
