**Quicklet on Anthony Bourdain's No Reservations** Nicole Bemboom, 2012-03-14 ABOUT THE BOOK No Reservations Around the World on an Empty Stomach is based off the content and experiences of Anthony Bourdain during filmings of the widely popular Travel Channel show No Reservations Anthony Bourdain the host of the show travels the world showcasing foods ranging from late night street food to a meal cooked by a Maharana Not intending for this book to be some cynical cheap ass companion book to the series Bourdain includes photos that were taken along the way mostly by the shows production assistants Although this book does complement the show and gives a more in depth view of many favorite episodes it could also stand on its own as a photographic travelogue As Bourdain says in the introduction the books photos try to give viewers a brief taste a sense of what they felt during the relatively short time they were there instead of doing a best of or even worse attempting to create a comprehensive view of the place MEET THE AUTHOR Nicole Bemboom is a San Francisco based writer In addition to writing for the exciting new publisher Hyperink she covers the best of modern craft and design for the online magazine Handful of Salt She received her BA in

Modern Literature from the University of California Santa Cruz EXCERPT FROM THE BOOK Anthony Bourdain's No Reservations follows his team as they travel the world making the show. Frequently travelling with Bourdain are Tracey Gudwin field producer, Todd Liebler cameraman, and Diane Schutz and Rennie Sohlt assistant producers. The crew took photos throughout in almost thirty countries, meeting an incredible diversity of people and eating an insane variety of foods. Bourdain hopes these photos, along with the show, will reveal a real sense of the places they see, the smells, and the sounds, as well as the visual elements. The cast allows the country and the circumstances and misadventures of their travels to drive the content and style of the show. They often also heavily use the cinema of the country they visit. To begin this journey around the world, Bourdain declares that deep inside every great cook, anyone who knows what the good stuff is and what to do with it, lurks the heart and soul of a Chinese guy. Generally considered to have one of the greatest cuisines in the world, China serves as Bourdain's go-to locale.

Joint Committee on Human Rights, 2009 The UN Convention on the Rights of Persons with Disabilities builds on existing human rights treaties, including the International Covenant on Civil and Political Rights and the International Covenant on Economic, Social and Cultural Rights. The UN Handbook for Parliamentarians on the Convention stresses that it is not intended to create new rights but clarifies the obligations and legal duties of States to respect and ensure the equal enjoyment of all human rights by all persons with disabilities. Its purpose is to promote, protect, and ensure the full enjoyment of all human rights and fundamental freedoms by all persons with disabilities and to promote respect for their inherent dignity. The UK was among the first

countries to sign the Convention on 30 March 2007 The findings of our recent inquiry on the rights of adults with learning disabilities showed that although UK law and policy on the treatment of adults with learning disabilities takes a human rights based approach the day to day experiences of people with learning disabilities are not so positive Ratification will send a strong signal to all people with disabilities in the UK and abroad that the Government takes equality and the protection of their human rights seriously The Government first publicly stated that reservations to the Convention were being considered in its response to our Report on the treatment of adults with learning disabilities in May 2008 more than a year after it signed the Convention Despite the Committee s call for a full explanation of the government s views on the compatibility of domestic law with the Convention the were then provided with little detail on the reservations being considered or the Government s approach to the process The Committee considers that progress towards ratification of the Convention by the UK has so far lacked transparency and has unfortunately alienated disabled people and their organisations This is unacceptable in the light of the clear Convention commitment which the Government intends to make to the involvement of disabled people in the development of policies and laws which affect them This approach undermines the previous role that the UK Government has played in championing equality for disabled people and their leading role in negotiating the terms of the UNCRPD
