

A sunset over the ocean with mountains in the foreground. The sky is a warm orange, and the water is a deep blue. The mountains in the foreground are dark and silhouetted against the light.

our lives? How will we know  
it's us without our past?

**Without Our Past?** Ann Falkner, 1977-12-15 In their growing awareness of the need to keep alive Canada's heritage individuals, community groups and small historical societies have long felt the need for a basic guide to the preservation of buildings, particularly buildings which though they may not warrant provincial or federal protection are nevertheless important to the history and values of their communities. Using the knowledge gained from many years of experience in various government departments and her familiarity with several successful building conservation projects, Ann Falkner has written this practical handbook for those concerned about preserving heritage structures. She covers clearly and in detail the various problems to be faced and actions to be taken and analyses the assistance available through legislation at all three levels of government. *Without Our Past* deals with inventories and how they are conducted and through a series of concrete examples with the evaluation and selection of worthwhile buildings. It explains acquisition procedures for all types of properties, municipal powers under provincial planning acts and control through specific zoning. It offers suggestions on how to re-use an outdated structure and how to create a compatible environment around a building and it points out the value of publicity and local interest in gaining general support and cooperation. In a separate chapter, expenses and finances are covered, including fund raising and the increasing monetary benefits of conservation.
