Up Pompeii the Legacy:

The Hellraiser Films and Their Legacy Paul Kane, 2015-05-07 Best selling horror novelist Clive Barker's 1987 film Hellraiser has become an undisputed horror classic spawning a movie franchise that to date includes eight films Exploring not only the cinematic interpretations of the Hellraiser mythos but also its intrusion into other artistic and cultural forms this volume begins by identifying the unconventional sources of Barker's inspiration and following Barker from his pre Hellraiser cinematic experience through the filming of the horror classic It examines various themes such as the undermining of the traditional family unit and the malleability of the flesh found throughout the film series and the ways in which the representation of these themes changes from film to film The religious aspects of the films are also discussed Characters central to the franchise and the mythos are examined in detail

The British Sitcom Spinoff Film Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Krupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like The League of Gentlemen's Apocalypse 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical re presentations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality

Comic Medievalism Louise D'Arcens, 2014 The role of laughter and humour in the postmedieval citation interpretation or recreation of the middle ages has hitherto received little attention a gap in scholarship which this book aims to fill Examining a wide range of comic texts and practices across several centuries from Don Quixote and early Chaucerian modernisation through to Victorian theatre the Monty Python films television and the experience of visiting sites of heritage tourism such as the Jorvik Viking Museum at York it identifies what has been perceived as uniquely funny about the Middle Ages in different times and places and how this has influenced ideas not just

about the medieval but also about modernity Tracing the development and permutations of its various registers including satire parody irony camp wit jokes and farce the author offers fresh and amusing insight into comic medievalism as a vehicle for critical commentary on the present as well as the past and shows that for as long as there has been medievalism people have laughed at and with the middle ages Louise D Arcens is Associate Professor in English Literatures at the University of Wollongong *The Menedacus Legacy* Marty Rightmyer,2013-12-19 As far back as Cleo could remember she had always been focused on a Computer Keyboard and had long passed the stigma of a Geek There was no other life for her until someone kidnapped her sister With her computer savvy she found her with the aid of her system she calls Mod Their past was revealed in an abduction and a twisted saga that led to murder and mystery Now she and Lisa are wrapped up in another part of their lives an ancient part It is a Legacy of Treasure that has been hidden for centuries Cleo loves her sister and regardless of parentage she automatically jumps in to help her locate the treasure that is surrounded by cryptic clues found in the Jungle estate She finds Sebastian and Love something she never expected Together they find The Menedacus Legacy and much more Come Visit www.martyrightmyerbooks.com *The Guinness Book of Classic British TV* Paul Cornell,Martin Day,Keith Topping,1996 *The Legacy of Greece* Richard Winn Livingstone,Sir Richard Winn Livingstone,1921 **'Speak to Me': The Legacy of Pink Floyd's The Dark Side of the Moon** Russell Reising,2017-10-03 The endurance of Pink Floyd's *The Dark Side of the Moon* on the Billboard Top 100 Chart is legendary and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock's greatest albums This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical cultural literary and social perspectives The development and change of the songs is considered closely from the earliest recordings through to the live filmed performance at London's Earls Court in 1994 The band became almost synonymous with audio visual innovations and the performances of the album at live shows were spectacular moments of mass culture although Roger Waters himself spoke out against such mass spectacles The band's stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology The album is therefore placed within the context of developments in late 1960s early 1970s popular music with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd's later concept albums Beginning with *Breathe* and culminating in *Eclipse* a tonal and motivic coherence unifies the structure of this modern song cycle The album is also considered in the light of modern day tribute bands with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the real Pink Floyd *the legacy* mary s. watts,1911 **The Legacy of the Grand Tour** Lisa Colletta,2015-12-09 The topos of the journey is one of the oldest in literature and even in this age of packaged tours and mediated experience it still remains one of the most compelling This volume examines the ways in which the legacy of the Grand Tour is still evident in works of travel and
