Aernie,2018-07-26 Narrative Discipleship examines the thematic and theological impact of women in the Gospel of Mark Using narrative analysis Aernie explores how Mark intentionally crafts the narratives of women in the Gospel to extend his portrait of discipleship Mark portrays these women as exemplars of four key aspects of discipleship restored life kingdom speech sacrificial action and cruciformity These portraits of discipleship provide a transformative paradigm for Mark s audience Mark creates a portrait of narrative discipleship as a means to encourage his audience toward embodied discipleship and faithful participation in God s in breaking kingdom *Characters and Characterization in Luke-Acts* Frank Dicken,Julia Snyder,2016-10-20 Like all skilful authors the composer of the biblical books of Luke and Acts understood that a good story requires more than a gripping plot a persuasive narrative also needs well portrayed plot enhancing characters This book brings together a set of new essays examining characters and characterization in those books from a variety of methodological perspectives The essays illustrate how narratological sociolinguistic reader response feminist redaction reception historical and comparative literature approaches can be fruitfully applied to the question of Luke s techniques of characterization Theoretical and methodological discussions are complemented with case studies of specific Lukan characters Together the essays reflect the understanding that while many of the literary techniques involved in characterization attest a certain universality each writer also brings his or her own unique perspective and talent to the portrayal and use of characters with the result that analysis of a writer s characters and style of characterization can enhance appreciation of that writer s work The Power of Body Language Tonya Reiman,2007 THE POWER OF BODY LANGUAGE is for everyone who wants to know what others are really saying and thinking what is going on beneath the words It s also for people who want to improve their own communication and improve
