The Male Chauvinist Pig Julie Willett,2021-04-27 In the social upheavals of the 1960s and 1970s a series of stock characters emerged to define and bolster white masculinity Alongside such caricatures as the Playboy and the Redneck came a new creation the Male Chauvinist Pig Coined by second wave feminists as an insult the Male Chauvinist Pig was largely defined by an anti feminism that manifested in boorish sexist jokes But the epithet backfired being a sexist pig quickly transformed into a badge of honor worn proudly by misogynists and in time it would come to define a strain of right wing politics Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism popularized by consumer culture weaponized to demean feminists and politicized to mobilize libertine sexists to adopt reactionary politics Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s the popularity of Rush Limbaugh s screeds against Feminazis in the 1990s and the present day misogyny underpinning Trumpism Willett makes a case for the potency of this seemingly laughable cultural symbol showing what can happen when we neglect or trivialize the political power of humor
