Allan Fromme,1966 **Marital and Sexual Ethics in Islamic Law** Roshan Iqbal,2023-03-14 Roshan Iqbal traces the
intellectual legacy of the exegesis of Qur an 4 24 which is used as the proof text for the permissibility of mut a temporary
marriage and asks if the use of verse 4 24 for the permissibility of mut a marriage is justified within the rules and regulations
of Qur anic hermeneutics Iqbal examines seventeen Qur an commentaries the chronological span of which extends from the
first extant commentary to the present day in three major Islamicate languages Iqbal concludes that doctrinal self identity
rather than strictly philological analyses shaped the interpretation of this verse As Western academia s first comprehensive
work concerning the intellectual history of mut a marriage and sexual ethics this work illustrates the power of sectarian
influences on how scholars have interpreted verse 4 24 This book is the only work in English that includes a plurality of
voices from minor schools Ibadi Ashari Zaidi and Ismaili largely neglected by Western scholars alongside major schools and
draws from all available sub genres of exegesis Further by revealing ambiguities in the interpretation of mut a this work
challenges accepted sexual ethics in Islamic thought as presented by most classical and many modern Muslim scholars and
thus opens up space to theorize Islamic sexual ethics anew and contribute to this crucial conversation from the perspective of

Muslim feminism **The Hite Report** Shere Hite,2003-11-04 A reproduction of the classic text unavailable now for more than a decade with a new introduction by the author The Hite Report first published in 1976 was a sexual revolution in six hundred pages To answer sensitive questions dealing with the most intimate details of women s sexuality Hite s innovation was simple she asked women a lot of them everything and published the results One hundred thousand women ages fourteen to seventy eight were asked what they do and don t like about sex how orgasm really feels with and without intercourse how it feels not to have an orgasm during sex the importance of clitoral stimulation and masturbation and to name the greatest pleasures and frustrations of their sexual lives among many other questions The Hite Report declares that orgasm is easy and strong for women given the right stimulation that most women have orgasm most easily during masturbation or clitoral stimulation by hand that sex as we define it is a cultural institution not a biological one and that attitudes must change to include the stimulation women desire *Understanding the Female Orgasm* Shirley Fisher,1987 *The Textbook of Clinical Sexual Medicine* Waguih William IsHak,2017-05-30 The Textbook of Clinical Sexual Medicine utilizes the biopsychosocial approach to inform physicians practitioners residents trainees and students about the latest science has to offer today for the evaluation and treatment of sexual dysfunctions especially the utilization of the full armamentarium of assessment methods and treatment interventions in order to restore of sexual health and enhance quality of life Louis Ignarro Ph D Nobel Laureate This textbook is a comprehensive resource covering sexual disorders in depth from etiology pathophysiology phenomenology treatment to prognosis The book highlights aspects the biological and psychosocial factors predisposing precipitating and perpetuating sexual dysfunction and the importance of integrating biological and psychosocial treatments Specialized chapters cover specific common medical complaints including erectile ejaculatory and orgasmic disorders in the male desire arousal and orgasmic disorders in the female and an integrated approach to the couple With its focus on educational tools including over 100 figures easy to use DSM 5 criteria table and quick guide appendices this textbook is specially designed to educate readers on the psychiatric evaluation treatment and management of a wide range of sexual disorders The Textbook of Clinical Sexual Medicine is a vital resource for medical students residents fellows graduate students psychiatrists psychologists women s health specialists urologists endocrinologists general practitioners social workers and all medical professionals and trainees working with patients suffering from sexual disorders **Playgirl** ,1978
