Tree Fort Wars:

Tree Fort Wars Mark R. Littleton, 1993 When Chuck's prejudice against DJ who is Jewish threatens to lead to a fight Everett turns to God for help *The Story of a Lucky Duck* Rip Harwood, 2023-06-15 This charming little story breaks the autobiography mold Technically it's the childhood account of a third culture American kid and his adventures and exploits growing up all over the world in the 1950s and 60s The book will transport you from Australia to Africa from Brazil to Israel from Europe to the Far East But it's not just a travelogue or a dry where I was born sleeper It's part adventure it's about surfing in Africa and sailing in Rio de Janeiro It's a Buddhist parable about the responsibilities of power and African lessons about the power of belief It's a childhood love story It's a new perspective on the evils of apartheid and the oppression that took its place and that still mars the beauty of a magnificent country It's a story of cultures and geopolitics It's the backstory about how a few courageous Norwegians defeated Nazi plans for a German atom bomb It's part the rant of a funny irreverent iconoclastic opinionated old curmudgeon perhaps occasionally thought provoking It's a window into the insights that wide travels and an open mind can bring It's also a story about family and the importance of real family values and of developing a sense of place in the world The book is interlaced with stories and anecdotes about the author's own forebears and pioneer ancestors and the roles they played in shaping the expansion and development of the American West It's a little known slice of Texas history and of the founding of places like Dallas and Fort Worth It's a story of lone star gypsies that will give you new perspectives on life and death how to live it to the fullest and maybe even how to avoid fearing the mysteries at the end of one's existence

Wings Erin Byrne, 2016-02-22 Erin Byrne captures the essence of France through unique and authentic experiences in *Wings from Victory* her collection of stories about travel in one of the world's most alluring countries Some of her experiences come through serendipity others via good fortune still others by accident But each time Erin takes the experience digs deeper and discovers meaning from it Each story demonstrates in a different way this idea put forth by Joseph Campbell The passage of the mythological hero may be overground incidentally fundamentally it is inward into the depths where obscure resistances are overcome and long lost powers are revived From Cézanne's studio in Aix en Provence to a tiny village in the Jura Mountains from a cozy bistro on the Left Bank of Paris to a plain high above the Normandy beaches Erin travels through France collecting stories characters tastes and secrets that act as ingredients for change She learns to trust her intuition after listening to Henri Cartier Bresson's advice After gazing at van Gogh's self portrait Erin finds a way to be more honest This book is about the gifts we all glean from our travels and will inspire readers to unwrap their own images and impressions in a new way
