The Impossible Stranger:

The Impossible Stranger Lawrence Thornbury, II, 2000-12 A super human suddenly appears in present day Memphis Tennessee during a horrendous explosion of undetermined origin Who is he Where is he from What is his mission Why doesn't even he know who he really is and how he ended up in Memphis He gets into confrontations with drug dealers and the military almost starts a nuclear war falls in love twice unknowingly becomes involved in an insidious plot and struggle for domination of the entire planet and must face the second of his kind in an epic battle to the death This is an extremely well thought out and fascinating book It takes the concept of a super human to a depth never before explored The science is realistic and well done and the sociological and psychological implications of a super human are deeply deeply probed You will easily be able to tell that the writer did an enormous amount of research to make this novel live The style is very cinematic and you will have to constantly remind yourself that this story is fiction

Phenomenologies of the Stranger Richard Kearney, Kascha Semonovitch, 2011 What is strange Or better who is strange When do we encounter the strange This volume takes the question of hosting the Stranger to the deeper level of embodied imagination and the senses It asks How does the embodied imagination relate to the Stranger in terms of hospitality or hostility given the common root of hostis as both host and enemy How do humans sense the dimension of the strange and alien in different religions arts and cultures How do the five physical senses relate to the spiritual senses especially the famous sixth sense as portals to an encounter with the Other Is there a carnal perception of alterity which would operate at an affective prereflective preconscious level What exactly do embodied imaginaries of hospitality and hostility entail And what finally are the topical implications of these questions for an ethics and practice of tolerance and peace

Schnabl Schweitzer, 2010 especially those who have sensed that the denial of the mother's voice has played a critical role in their own self alienation and its melancholy moods will discover that this book has much to offer them as well Donald Capps Princeton Theological Seminary Book Jacket

The Sociology of the Stranger Kwang-ki Kim, 2026-01-08 The Sociology of the Stranger offers a groundbreaking reappraisal of the stranger as a central social type reframing estrangement as a critical lens for understanding identity belonging and the transformative conditions of modern social life

The Being of the Beautiful Plato, 2008-09-15 The Being of the Beautiful collects Plato's three dialogues the Theaetetus Sophist and Statesmen in which Socrates formulates his conception of philosophy while preparing for trial Renowned classicist Seth Benardete's careful translations clearly illuminate the dramatic and philosophical unity of these dialogues and highlight Plato's subtle interplay of language and structure Extensive notes and commentaries furthermore underscore the trilogy's motifs and relationships The translations are masterpieces of literalness They are honest accurate and give the reader a wonderful sense of the Greek
